KGN-OLK-021-2024

TENDER FOR SUPPLY, INSTALLATION, TESTING, AND COMMISSIONING OF 2.5MVA EMERGENCY DIESEL GENERATOR AND ACCESSORIES FOR OLKARIA II POWER STATION.

(Open National)

Dated: 19th April, 2024

Clarification No.3.

In accordance with the **Tender for Supply, Installation, Testing, and Commissioning of 2.5MVA emergency Diesel Generator and Accessories for Olkaria II Power Station**, KenGen issues a **Clarification No.3** as follows:

	BIDDERS CLARIFICATION	KenGen’s RESPONSE
1.	On Warranty Period for the Genset, most Manufacturers are not willing to provide an extended warranty of four years. Can KenGen reduce the period to a standard 1-year warranty.	The warranty remains as per the tender document.
2.	From the bid document the evaluation criteria are well set out for both the Mandatory and Technical evaluation, however in the technical requirements section of the document we have more additional information requested that is not captured in the criteria for evaluation. Will the additional requirements not captured in the evaluation criteria be used during the evaluation process?	The additional information/important notes will also form the criteria for evaluation.
3.	In the bid document there is this clause on Page 68. Also, bidders are advised to obtain a letter from NCA indicating that the Authority will issue a certificate specific to the project if the bidder wins to enable them to undertake the work. This letter should be original with reference verifiable by the Procuring entity. We have consulted the NCA and it is clear that the letters are only issued to Foreign companies, must local companies have them yet they possess the relevant NCA Certificates?	This applies to the winning bidder, who must provide a compliance document specific to the project prior to commencement.

SUPPLIER ACKNOWLEDGEMENT OF CLARIFICATION NO.3

We, the undersigned hereby certify that the Clarification No.3 is an integral part of the document and the alterations set out in clarification has been incorporated in the Tender Proposal.
