**TENDER FOR SUPPLY OF CISCO ACTIVE
DEVICES**

(CITIZEN CONTRACTORS)

Date: 6th May, 2024

CLARIFICATION NO. 1:

In accordance with the ‘TENDER FOR SUPPLY OF CISCO ACTIVE DEVICES, KenGen hereby issues Clarification No. 1 as follows.

No.	CLARIFICATION SOUGHT	KENGEN’S RESPONSE
1	Please note that ISE licenses have not been included in the BOM. Kindly specify the type, quantity and duration for the ISE Licenses required.	This was deliberate, we do not need any ISE Licenses on this document because KenGen already have the licenses in place for the ISE Boxes
2	Other than migrations like WLC, ISE and to DNAC, Are the partners deploying to the branches like the phones, Aps, Switches and routers?	Deployment for the APs, phones, switches, and routers will be done by KenGen
3	Technical requirement has C9300L-24P-4X while price schedule C9300L-24P-4G-E . Please advise which one to use	We use the one on the price schedule C9300L-24P-4G-E . 1 G Uplinks for the Switches
4	What are the locations where the network devices (switches, routers and access points) will be deployed	The Network devices will be deployed across the KenGen Branches
5	Are the C8200 -1N -4T routers be deployed as SDWAN routers or traditional stand-alone.	They will be deployed as Traditional Routers
6	Clarify whether the C9800-40-K9 WLCs will be used for managing the new APs only or will manage existing and the new APs, if for new APs share the quantities and part numbers. (This will allow us confirm compatibility and license requirements)	The WLC will replace the existing WLC therefore will be used to manage all the existing APS . The part Number of the Existing WLC is AIR-CT5520-K9

7	Clarify on whether the new DNAC appliance (DN3-HW-APL) will only be used for basic SNMP device management or for SD Access. If Assurance is required, the DNA Advantage licenses will be required for all the devices to be onboarded.	Most of the current APs have the DNA licenses and the new APs have been ordered with the DNA licenses. For the the switches the ordered the switches will come with DNA licenses , for the Existing switches the DNA license are being renewed with Support .
8	What's the current Cisco ISE version	PID: SNS-3595-K9 Version : 3.1.0.518
9	What is the total number of endpoints, users/staff, and access switches for the wired deployment? What model and version of the Cisco switches?	Total Number of Users : 2500 The current Model of switches are Cisco 9200 Cisco 9300 Cisco 3800 Cisco 3560 (Will be replaced in a separate procurement process).
10	MR 20 Copy of Valid ICT Authority accreditation certificate – Which category is this specifically?	Supplier accreditation category and/Or Data Center Category and/or ICT Networks

BIDDER’S ACKNOWLEDGEMENT OF CLARIFICATION NO. 1

We, the undersigned, hereby certify that the clarification is an integral part of the document and the alterations set out in clarification have been incorporated in our tender document.
