TENDER NO. KGN-HYD-021-2022:

## TENDER FOR SUPPLY AND INSTALLATION OF PENSTOCK DOME AT KIAMBERE POWER STATION (RE-TENDER)

### CLARIFICATION NO.2

Date: 25<sup>th</sup> May, 2022

In accordance with the Tender for “**Supply and installation of Penstock Dome at Kiambere Power Station**” KenGen hereby issues clarification No.2 as follows;

No.	CLARIFICATION REQUESTED	KenGen RESPONSE
1.	<b>TRI:</b> Please clarify if these datasheets for materials and spares are to be stamped by the Bidder or the Supplier? It can be very time consuming to request the suppliers of raw material for stamped data sheet so we request if it is necessary for the stamped data sheet, catalogues, and relevant pictures that the stamp of the bidder should be sufficient.	Bidder may stamp documents if the Manufacturer’s Authorization is attached to the tender.
2.	<b>TR8:</b> Please clarify if the quality manual or example quality documents from previous similar projects can be submitted as an alternative if the bidder does not have the certificate available.	The certificate shall be required for any previous similar projects mentioned by tenderer as proof of work done.
3.	<b>ITT 15.1:</b> Please confirm if it would be acceptable to provide an <b>optional</b> alternative solution.	No alternative technical solution is permitted.
4.	<b>Currency of the Tender:</b> As all the raw materials and consumable required for manufacturing the Penstock Dome are not possible to purchase in Kenya, they will have to be imported.	Tender shall be in one currency only. Bidder to choose either Kenya Shillings, United States Dollars or Euro.

	Considering this we submit our request to quote the tender price in Euro or US Dollars

**ACKNOWLEDGEMENT OF CLARIFICATION NO.2**

We, the undersigned hereby certify that the clarification is an integral part of the document and the alterations set out in the Clarification have been incorporated in the tender proposal.

Signed.....
