**KGN-HYD(Tana)-02-2023**

**TENDER FOR SUPPLY OF NETWORK SWITCHES AT TANA POWER STATION.**

**Date: 3<sup>rd</sup> February 2023**

**CLARIFICATION No. 1**

In accordance with the **Tender for Supply of Network Switches at Tana Power Station**, KenGen issues a clarification as follows:

<b>No.</b>	<b>BIDDERS CLARIFICATION</b>	<b>KENGEN'S RESPONSE</b>
1.	<p>Please note the below mandatory requirement is stringent because the ICT authority only gives end user computing category for the ICTA certificate. We would propose that you consider it as supplier to provide ICTA certification without being specific to the category.</p> <p>MR 4 Copy of valid ICT Authority (ICTA) registration certificate (Networking Category)</p>	<p><i>Please refer to <b>Addendum No. 1</b></i></p>
2	<p>Also the below one is stringent because it is only for high end dealers in the industry and it is locking out AGPO suppliers. Consider Cisco Manufacturer Authorization letter or general partnership certificate.</p> <p>TR 2 At least Cisco Premium Partnership Certificate (Attach Certificate)</p>	<p>Cisco Premier partnership is the lowest partnership considered because KenGen will benefit from discounts that partners enjoy and it also gives KenGen assurance that the products coming from a partner are of verifiable quality. This requirement shall remain as is.</p>

**ACKNOWLEDGEMENT OF CLARIFICATION NO. 1**

We, the undersigned hereby certify that clarification is an integral part of the document and the alternations set out in the clarification have been incorporated in the tender proposal.

Signed .....
