**TENDER FOR SUPPLY AND TESTING OF ASSORTED MOTORS FOR OLKARIA 1AU AND IV POWER PLANTS.**

*(Citizen Contractors)*

Dated: 10<sup>th</sup> February, 2023

**Clarification No.1.**

In accordance with the **Tender for Supply and Testing of Assorted Motors for Olkaria 1AU and IV Power Plants**, KenGen issues a **Clarification No. 1** as follows:

No.	BIDDERS CLARIFICATION	KenGen's RESPONSE
1	According to the technical specifications (Pg. 57), the motors to be supplied should be similar to the already existing ones. However our supplier will be able to supply a different brand for some of the motors but at the same time meet the required specifications with an improved efficiency and IP rating.  Kindly advise.	The bidder <b>MUST</b> meet the technical specification and not a particular brand. For the specified issue on higher IP and efficiency, this is acceptable. However, there should be no modification to the motor or driven load for installation to be done, and failure to adhere to this or failure to include product brochures supporting this will lead to non-compliance at technical evaluation.

**SUPPLIER ACKNOWLEDGEMENT OF CLARIFICATION NO.1**

We, the undersigned hereby certify that the Clarification No.1 is an integral part of the document and the alterations set out in Clarification has been incorporated in the Tender Proposal.
