TENDER FOR SUPPLY OF SMED TOOLS FOR SAGANA POWER STATION.

(WOMEN ENTERPRISE ONLY)

Date: 29th February, 2024

CLARIFICATION NO. 2:

In accordance with the 'TENDER FOR SUPPLY OF SMED TOOLS FOR SAGANA POWER STATION.', KenGen hereby issues **Clarification No. 2** as follows.

NO	CLARIFICATION	USERS RESPONSE
1	Hi Team, We appreciate your response with the clarification but we need the actual sizes of the wire ropes to be lubricated not the range. This is to help provide the required quantities of scrappers and cleaners. The range helps determine the kind of lubricator desired. Price vary for each cleaner and seal otherwise we will quote for one seal and one cleaner which is inappropriate as you may have different sizes. Please verify the exact sizes of the wire ropes.	<u>These are the wire rope sizes:</u> 8, 10.2, 12 , 12.4 , 15 , 16.35 , 19 , 24 , 29.3 mm

**BIDDER'S ACKNOWLEDGEMENT OF CLARIFICATION NO. 2**

We, the undersigned, hereby certify that the Clarification is an integral part of the document and the alterations set out in Clarification have been incorporated in our tender document.
