**KGN-OLK-019~2024**

**TENDER FOR SUPPLY OF VENT STATION VALVES FOR OLKARIA II POWER STATION.**

**(Women Enterprises)**

**Dated: 12<sup>th</sup> April, 2024**

**Clarification No.5.**

In accordance with the **Tender for Supply of Vent Station Valves for Olkaria II Power Station**, KenGen issues **Clarification No.5** as follows:

	<b>BIDDERS CLARIFICATION</b>	<b>KenGen's RESPONSE</b>
1.	<b>i) FAT</b>  (i) Our Manufacturer has informed us that considering the scope of this tender, a virtual FAT would be a better option (cost effective) for KENGEN.	Basing on the employer's vast experience in valve and actuator operations and maintenance, a virtual FAT will <b>not</b> be effective and is therefore not acceptable. Bidders are requested to adhere to the tender requirement.
2.	<b>(ii) Training of KENGEN Staff</b>  (ii) After consultation with our Manufacturer, a 10 Day training session at the manufacturer's site is deemed to be excessive and could be easily covered during the FAT, however, not in the way presented in the ITT. Our manufacture is not a training school and cannot provide certification. Kindly advise.	Basing on the training needs KenGen has determined a 10 Day training to be sufficient to adequately cover the minimum scope as required by the tender. However, the bidder may provide a training proposal attached to the bid highlighting the proposed number of days the training will take and the topics to be covered.  Please note that the training requirement on minimum subjects, Certified Valve and Actuator trainers and issuing of certificates to trainees as specified in the tender, <b>MUST</b> be adhered to for the bid to be considered as responsive

**SUPPLIER ACKNOWLEDGEMENT OF CLARIFICATION NO.5**

We, the undersigned hereby certify that the Clarification No.5 is an integral part of the document and the alterations set out in Clarification has been incorporated in the Tender Proposal.
