

KENYA ELECTRICITY GENERATING COMPANY PLC

KGN-BDD-002-2024

**EXPRESSION OF INTEREST (EOI) FOR CONSULTANCY SERVICES FOR FEASIBILITY STUDY ON GEOTHERMAL POWER GENERATION FROM BRINE IN KENGEN OLKARIA FIELD
(Open International)**

28th February 2024

Clarification No. 2

In accordance with the “**Expression of Interest (Eoi) For Consultancy Services for Feasibility Study on Geothermal Power Generation from Brine in KenGen Olkaria Field**” KenGen hereby issues **Clarification No. 2**

NO.		BIDDER'S QUESTION	KENGEN'S RESPONSE
1	"Demonstrate a strong financial status by positive cash flows, minimum average annual turnover of over USD 3 Million and profitability for at least 3 years."	"The requirement for a minimum average annual turnover of over USD 3 Million seems high in comparison to the value of the requested services and we kindly requests KenGen to revise to USD 1 Million to align it with the value of the services." We additionally point out that this limit of USD 1 Million was the limit of the request of EOI issued by KenGen in 2019 and named KGN-BDD-04-2019. Additionally, many of the 2019 requirements were relaxed in this EOI so please accept also this one.	The requirement for a minimum average annual turnover of over USD 3 Million has been revised to over USD 1 Million, Refer to Addendum No. 2.
2	Will the participation of our company to the EOI compromise the possibility to		In case the firm is awarded this consultancy services for the feasibility study, participation of downstream project activities will cause a conflict of interest as

participate to the possible future tender for the Owner's Engineering services or EPC supply?		stated in the Public Procurement and Asset Disposal Act 2015 Part X, Clause 130.
