CLARIFICATION No. 3

In accordance with the **Expression of Interest (EOI) for Sub Developers and Individual Manufacturing/Processing Firms to Lease Land and set up at The KenGen Green Energy Park in Olkaria, Naivasha – Kenya**, KenGen issues Clarification No. 3 as follows:

NO.	CLARIFICATION SOUGHT	KENGEN'S RESPONSE
1	<p>The Green Park Project as proposed by KenGen is the catalyst that is required to propel industrialization in Kenya. Thank you for this great initiative. We intend to place a strong bid to participate in the project.</p> <p>However, you have mentioned in one of your clarifications that ISO 9001:2015 quality certification is required. Many energy intensive companies in the manufacturing space might not meet this requirement. In our case, however, we have a Kenya Bureau of Standards - Permit to use standardization mark for our products. This shows that our products meet the quality standards for local production.</p> <p>Therefore, kindly confirm if only companies that ISO certification is the only quality mark for eligibility or companies that have other marks of quality such as those from KEBS can also participate.</p>	<p>The Quality certification required shall EITHER be ISO 9001:2015 – Quality Management Systems OR any other recognizable Industry standard as may be applicable. Companies that have other marks of quality such as KEBS are eligible to participate.</p>

SUPPLIER ACKNOWLEDGEMENT OF CLARIFICATION No.3

We, the undersigned hereby certify that the clarification is an integral part of the document and the alterations set out in the clarification have been incorporated in the tender document.
