TENDER FOR PROVISION OF CONTAINER FREIGHT STATION SERVICES IN NAIROBI AND MOMBASA FOR KENYA ELECTRICITY GENERATING COMPANY PLC

OPEN NATIONAL TENDER

3rd July 2023

Clarification No. 3

In accordance with the tender for “**Tender for Provision of Container Freight Station Services in Nairobi and Mombasa for Kenya Electricity Generating Company Plc**”, KenGen hereby issues Clarification No. 3 as follows;

RESPONSE TO REQUEST FOR CLARIFICATION

	Clarification	KenGen response
1	On criteria of evaluation where there is need for the provider to have more than 4 years' experience to earn points, would that affect the Nairobi only CFS, considering that the first CFS in Nairobi stated operation less than 3 years ago?	Below 4 years – No. point
2.	All Nairobi bound cargo to CFS is via SGR, and MGR for bulk, hence there are no OOG and over weights hauled via rail. Why would there be need to give rates for OOG and cranes where the SGR model does not support that?	Provide where applicable
3.	On staff experience, the request is to have staff with experience in C&F. Currently a CFS cannot be the same as a clearing agent. Did you mean experience on CFS operations?	Experience on C & F Operations
4.	Clarification, in respect with Shipping line guarantee, Why should a CFS have the guarantee whereas the scope of the services is not clearing? Meaning the shipping line DO is only issued to the clearing agent?	It's important to have it since you will be handling containers which belong to the shipping lines.

ACKNOWLEDGEMENT OF CLARIFICATION NO. 3

We, the undersigned, hereby certify that the clarification is an integral part of the document and the alterations set out in the clarification have been incorporated in the tender proposal.
