# **PART 1 ~ TENDERING PROCEDURES**

---

## SECTION I: INSTRUCTIONS TO TENDERERS

### A General Provisions

#### 1 Scope of Tender

- 1.1 The Procuring Entity as defined in the **TDS** invites tenders for supply of goods and, if applicable, any Related Services incidental thereto, as specified in Section V, Supply Requirements. The name, identification, and number of lots (contracts) of this Tender Document are specified in the **TDS**.
- 1.2 Throughout this tendering document:
- a) the term “in writing” means communicated in written form (e.g. by mail, e-mail, fax, including if specified in the **TDS**, distributed or received through the electronic-procurement system used by the Procuring Entity) with proof of receipt;
  - b) if the context so requires, “singular” means “plural” and vice versa;
  - c) “Day” means calendar day, unless otherwise specified as “Business Day”. A Business Day is any day that is an official working day of the Procuring Entity. It excludes official public holidays.

#### 2 Fraud and Corruption

- 2.1 The Procuring Entity requires compliance with the provisions of the Public Procurement and Asset Disposal Act, 2015, Section 62 “Declaration not to engage in corruption”. The tender submitted by a person shall include a declaration that the person shall not engage in any corrupt or fraudulent practice and a declaration that the person or his or her sub-contractors are not debarred from participating in public procurement proceedings.
- 2.2 The Procuring Entity requires compliance with the provisions of the Competition Act 2010, regarding collusive practices in contracting. Any tenderer found to have engaged in collusive conduct shall be disqualified and criminal and/or civil sanctions may be imposed. To this effect, Tenders shall be required to complete and sign the “Certificate of Independent Tender Determination” annexed to the Form of Tender.
- 2.3 Unfair Competitive Advantage - Fairness and transparency in the tender process require that the firms or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to this tender. To that end, the Procuring Entity shall indicate in the **Data Sheet** and make available to all the firms together with this tender document all information that would in that respect give such firm any unfair competitive advantage over competing firms.

#### 3 Eligible Tenderers

- 3.1 A Tenderer may be a firm that is a private entity, an individual, a state-owned enterprise or institution subject to ITT3.7, or any combination of such entities in the form of a joint venture (JV) under an existing agreement or with the intent to enter into such an agreement supported by a letter of intent. Public employees and their close relatives (*spouses, children, brothers, sisters and uncles and aunts*) are not eligible to participate in the tender.

In the case of a joint venture, all members shall be jointly and severally liable for the execution of the entire Contract in accordance with the Contract terms. The JV shall nominate a Representative who shall have the authority to conduct all business for and on behalf of any and all the members of the JV during the Tendering process and, in the event the JV is awarded the Contract, during contract execution. The maximum number of JV members shall be specified in the **TDS**.

- 3.2 Public Officers of the Procuring Entity, their Spouses, Child, Parent, Brothers or Sister. Child, Parent, Brother or Sister of a Spouse their business associates or agents and firms/organizations in which they have a substantial or controlling interest shall not be eligible to tender or be

awarded a contract. Public Officers are also not allowed to participate in any procurement proceedings.

- 33 A Tenderer shall not have a conflict of interest. Any Tenderer found to have a conflict of interest shall be disqualified. A Tenderer may be considered to have a conflict of interest for the purpose of this Tendering process, if the Tenderer:
- a) directly or indirectly controls, is controlled by or is under common control with another Tenderer; or
  - b) receives or has received any direct or indirect subsidy from another Tenderer; or
  - c) has the same - representative or ownership as another Tenderer; or
  - d) has a relationship with another Tenderer, directly or through common third parties, that puts it in a position to influence the Tender of another Tenderer, or influence the decisions of the Procuring Entity regarding this Tendering process; or
  - e) or any of its affiliates participated as a consultant in the preparation of the design or technical specifications of the goods that are the subject of the Tender; or
  - f) or any of its affiliates has been hired (or is proposed to be hired) by the Procuring Entity or Procuring Entity for the Contract implementation; or
  - g) would be providing goods, works, or non-consulting services resulting from or directly related to consulting services for the preparation or implementation of the project specified in the TDS ITT 1.1 that it provided or were provided by any affiliate that directly or indirectly controls, is controlled by, or is under common control with that firm; or has a close business or family relationship with a professional staff of the Procuring Entity (or of the project implementing agency, who: (i) are directly or indirectly involved in the preparation of the tendering document or specifications of the Contract, and/or the Tender evaluation process of such Contract; or (ii) would be involved in the implementation or supervision of such Contract unless the conflict stemming from such relationship has been resolved in a manner acceptable to the Procuring Entity throughout the Tendering process and execution of the Contract.
- 34 A tenderer shall not be involved in corrupt, coercive, obstructive, collusive or fraudulent practice. A tenderer that is proven to have been involved in any of these practices shall be automatically disqualified.
- 35 A firm that is a Tenderer (either individually or as a JV member) shall not submit more than one Tender, except for permitted alternative Tenders. This includes participation as a subcontractor. Such participation shall result in the disqualification of all Tenders in which the firm is involved. A firm that is not a Tenderer or a JV member, may participate as a subcontractor in more than one Tender. Members of a joint venture may not also make an individual tender, be a subcontractor in a separate tender or be part of another joint venture for the purposes of the same Tender.
- 36 A Tenderer may have the nationality of any country, subject to the restrictions pursuant to ITT3.9. A Tenderer shall be deemed to have the nationality of a country if the Tenderer is constituted, incorporated or registered in and operates in conformity with the provisions of the laws of that country, as evidenced by its articles of incorporation (or equivalent documents of constitution or association) and its registration documents, as the case may be. This criterion also shall apply to the determination of the nationality of proposed subcontractors or sub consultants for any part of the Contract including related Services.
- 37 A Tenderer that has been debarred by the PPRA from participating in public procurement shall be ineligible to tender or be awarded a contract. The list of debarred firms and individuals is available from the PPRA's website [www.ppra.go.ke](http://www.ppra.go.ke)
- 38 Tenderers that are state-owned enterprises or institutions may be eligible to compete and be awarded a Contract(s) only if they are (i) a legal public entity of the state Government and/or public administration, (ii) financially autonomous and not receiving any significant subsidies or budget support from any public entity or Government, and (iii) operating under commercial law and vested with legal rights and liabilities similar to any commercial enterprise to enable it compete with firms in the private sector on an equal basis. Public employees and their close relatives are not eligible to participate in the tender.

- 39 Tenderers may be ineligible if their countries of origin (a) as a matter of law or official regulations, Kenya prohibits commercial relations with that country, or(b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, Kenya prohibits any import of goods or contracting for supply of goods or services from that country, or any payments to any country, person, or entity in that country. A tenderer shall provide such documentary evidence of eligibility satisfactory to the Procuring Entity, as the Procuring Entity shall reasonably request.
- 3.10 Tenderers shall provide the qualification information statement that the tenderer (including all members of a joint venture and subcontractors) is not associated, or have been associated in the past, directly or indirectly, with a firm or any of its affiliates which have been engaged by the Procuring entity to provide consulting services for the preparation of the design, specifications, and other documents to be used for the procurement of the goods under this Invitation for tenders.
- 3.11 Where the law requires tenderers to be registered with certain authorities in Kenya, such registration requirements shall be defined in the **TDS**
- 3.12 The Competition Act of Kenya requires that firms wishing to tender as Joint Venture undertakings which may prevent, distort or lessen competition in provision of services are prohibited unless they are exempt in accordance with the provisions of Section 25 of the Competition Act, 2010. JVs will be required to seek for exemption from the Competition Authority. Exemption shall not be a condition for tender, but it shall be a condition of contract award and signature. A JV tenderer shall be given opportunity to seek such exemption as a condition of award and signature of contract. Application for exemption from the Competition Authority of Kenya may be accessed from the website [www.cak.go.ke](http://www.cak.go.ke).
- 3.13 A Kenyan tenderer shall provide evidence of having fulfilled his/her tax obligations by producing a current tax clearance certificate or tax exemption certificate issued by the Kenya Revenue Authority.

#### **4 Eligible Goods and Related Services**

- 4.1 All the Goods and Related Services to be supplied under the Contract shall have their origin in any country that is eligible in accordance with ITT 3.9.
- 4.2 For purposes of this ITT, the term “goods” includes commodities, raw material, machinery, equipment, and industrial plants; and “related services” include services such as insurance, installation, training, and initial maintenance.
- 4.3 The term “origin” means the country where the goods have been mined, grown, cultivated, produced, manufactured or processed; or, through manufacture, processing, or assembly, another commercially recognized article results that differs substantially in its basic characteristics from its components.
- 4.4 A procuring entity shall ensure that the items listed below shall be sourced from Kenya and there shall be no substitutions from foreign sources. The affected items are:
- a) motor vehicles, plant and equipment which are assembled in Kenya;
  - b) furniture, textile, foodstuffs, oil and gas, information communication technology, steel, cement, leather, agro-processed products, sanitary products, and other goods made in Kenya; or
  - c) goods manufactured, mined, extracted or grown in Kenya.
- 4.5 Any goods, works and production processes with characteristics that have been declared by the relevant national environmental protection agency or by other competent authority as harmful to human beings and to the environment shall not be eligible for procurement.

#### **5 Sections of Tendering Document**

- 5.1 The tendering document consist of Parts 1, 2, and 3, which include all the sections indicated

below, and should be read in conjunction with any Addenda issued in accordance with ITT8.

**PART 1: Tendering Procedures**

- i) Section I - Instructions to Tenderers (ITT)
- ii) Section II - Tendering Data Sheet (TDS)
- iii) Section III - Evaluation and Qualification Criteria
- iv) Section IV - Tendering Forms

**PART 2: Supply Requirements**

- v) Section V - Schedule of Requirements

**PART 3: Contract**

- vi) Section VI - General Conditions of Contract (GCC)
- vii) Section VII - Special Conditions of Contract (SCC)
- viii) Section VIII- Contract Forms

- 52 The notice of Invitation to Tender or the notice to the prequalified Tenderers issued by the Procuring Entity is not part of the tendering document.
- 53 Unless obtained directly from the Procuring Entity, the Procuring Entity is not responsible for the completeness of the document, responses to requests for clarification, the minutes of the pre-tender meeting (if any), or addenda to the tendering document in accordance with ITT7.
- 54 The Tenderer is expected to examine all instructions, forms, terms, and specifications in the tendering document and to furnish with its Tender all information or documentation as is required by the tendering document.

**6. Clarification of Tendering Document**

- 61 A Tenderer requiring any clarification of the Tender Document shall contact the Procuring Entity in writing at the Procuring Entity's address specified in the **TDS** or raise its enquiries during the pre-Tender meeting if provided for in accordance with ITT 6.4. The Procuring Entity will respond in writing to any request for clarification, provided that such request is received no later than the period specified in the **TDS** prior to the deadline for submission of tenders. The Procuring Entity shall forward copies of its response to all tenderers who have acquired the Tender documents in accordance with ITT 5.3, including a description of the inquiry but without identifying its source. If so specified in the **TDS**, the Procuring Entity shall also promptly publish its response at the web page identified in the **TDS**. Should the clarification result in changes to the essential elements of the Tender Documents, the Procuring Entity shall amend the Tender Documents following the procedure under ITT 7.
- 62 The Procuring Entity shall specify in the **TDS** if a pre-tender conference will be held, when and where. The Tenderer's designated representative is invited to attend a pre-Tender meeting. The purpose of the meeting will be to clarify issues and to answer questions on any matter that may be raised at that stage.
- 63 The Tenderer is requested to submit any questions in writing, to reach the Procuring Entity not later than the period specified in the **TDS** before the meeting.
- 64 Minutes of the pre-Tender meeting, if applicable, including the text of the questions asked by Tenderers and the responses given, together with any responses prepared after the meeting, will be transmitted promptly to all Tenderers who have acquired the Tender Documents in accordance with ITT 6.3. Minutes shall not identify the source of the questions asked.
- 65 The Procuring Entity shall also promptly publish anonymized (*no names*) Minutes of the pre-Tender meeting at the web page identified in the **TDS**. Any modification to the Tender Documents that may become necessary as a result of the pre-Tender meeting shall be made by the Procuring Entity exclusively through the issue of an Addendum pursuant to ITT 7 and

not through the minutes of the pre-Tender meeting. Nonattendance at the pre- Tender meeting will not be a cause for disqualification of a Tenderer.

## **7. Amendment of Tendering Document**

- 71 At any time prior to the deadline for submission of Tenders, the Procuring Entity may amend the tendering document by issuing addenda.
- 72 Any addendum issued shall be part of the tendering document and shall be communicated in writing to all who have obtained the tender document from the Procuring Entity in accordance with ITT 6.3. The Procuring Entity shall also promptly publish the addendum on the Procuring Entity's web page in accordance with ITT 7.1.
- 73 To give prospective Tenderers reasonable time in which to take an addendum into account in preparing their Tenders, the Procuring Entity may, at its discretion, extend the deadline for the submission of Tenders, pursuant to ITT 21.2.

### **C. Preparation of Tenders**

## **8. Cost of Tendering**

- 81 The Tenderer shall bear all costs associated with the preparation and submission of its Tender, and the Procuring Entity shall not be responsible or liable for those costs, regardless of the conduct or outcome of the Tendering process.

## **9. Language of Tender**

- 91 The Tender, as well as all correspondence and documents relating to the Tender exchanged by the Tenderer and the Procuring Entity, shall be written in English Language. Supporting documents and printed literature that are part of the Tender may be in another language provided they are accompanied by an accurate translation of the relevant passages into the English Language, in which case, for purposes of interpretation of the Tender, such translation shall govern.

## **10. Documents Comprising the Tender**

- 101 The Tender shall comprise the following:
- a) Form of Tender prepared in accordance with ITT11;
  - b) Price Schedules: completed in accordance with ITT 11 and ITT 13;
  - c) Tender Security or Tender-Securing Declaration, in accordance with ITT 18.1;
  - d) Alternative Tender: if permissible, in accordance with ITT12;
  - e) Authorization: written confirmation authorizing the signatory of the Tender to commit the Tenderer, in accordance with ITT19.3;
  - f) Qualifications: documentary evidence in accordance with ITT 16.2 establishing the Tenderer qualifications to perform the Contract if its Tender is accepted;
  - g) Tenderer Eligibility: documentary evidence in accordance with ITT16.1 establishing the Tenderer eligibility to tender;
  - h) Eligibility of Goods and Related Services: documentary evidence in accordance with ITT 15, establishing the eligibility of the Goods and Related Services to be supplied by the Tenderer;
  - i) Conformity: documentary evidence in accordance with ITT15.2 that the Goods and Related Services conform to the tender document; and
  - j) any other document required in the TDS.
- 102 In addition to the requirements under ITT 10.1, Tenders submitted by a JV shall include a copy of the Joint Venture Agreement entered into by all members. Alternatively, a letter of

intent to execute a Joint Venture Agreement in the event of a successful Tender shall be signed by all members and submitted with the Tender, together with a copy of the proposed Agreement.

- 103 The Tenderer shall furnish in the Form of Tender information on commissions gratuities, and fees, if any, paid or to be paid to agents or any other party relating to this Tender.

## **11. Form of Tender and Price Schedules**

- 11.1 The Form of Tender and Price Schedules shall be prepared using the relevant forms furnished in Section IV, Tendering Forms. The forms must be completed without any alterations to the text. All blank spaces shall be filled in with the information requested. The Tenderer shall chronologically serialise pages of all tender documents submitted.

## **12. Alternative Tenders**

- 12.1 Unless otherwise specified **in the TDS**, alternative Tenders shall not be considered.

## **13. Tender Prices and discounts**

- 13.1 The prices quoted by the Tenderer in the Form of Tender and in the Price, Schedules shall conform to the requirements specified below.

- 13.2 All lots (contracts) and items must be listed and priced separately in the Price Schedules.

- 13.3 The price to be quoted in the Form of Tender in accordance with ITT10.1 shall be the total price of the Tender, including any discounts offered.

- 13.4 The Tenderer shall quote any discounts and indicate the methodology for their application in the form of tender. Conditional discounts will be rejected.

- 13.5 Prices quoted by the Tenderer shall be fixed during the performance of the Contract and not subject to variation on any account, unless otherwise specified **in the TDS**. A Tender submitted with an adjustable price quotation shall be treated as non-responsive and shall be rejected, pursuant to ITT 28. However, if in accordance with **the TDS**, prices quoted by the Tenderer shall be subject to adjustment during the performance of the Contract, a Tender submitted with a fixed price quotation shall not be rejected, but the price adjustment shall be treated as zero.

- 13.6 If specified in ITT 1.1, Tenders are being invited for individual lots (contracts) or for any combination of lots (packages). Unless otherwise specified **in the TDS**, prices quoted shall correspond to 100 % of the items specified for each lot and to 100% of the quantities specified for each item of a lot. Tenderers wishing to offer discounts for the award of more than one Contract shall specify in their Tender the price reductions applicable to each package, or alternatively, to individual Contracts within the package. Discounts shall be submitted in accordance with ITT 13.4 provided the Tenders for all lots (contracts) are opened at the same time.

- 13.7 The terms EXW, CIP, CIF, DDP and other similar terms shall be governed by the rules prescribed in the current edition of Incoterms, published by the International Chamber of Commerce.

- 13.8 Prices shall be quoted as specified in each Price Schedule included in Section IV, Tendering Forms. The disaggregation of price components is required solely for the purpose of facilitating the comparison of Tenders by the Procuring Entity. This shall not in any way limit the Procuring Entity's right to contract on any of the terms offered. In quoting prices, the Tenderer shall be free to use transportation through carriers registered in any eligible country. Similarly, the Tenderer may obtain insurance services from any eligible country in accordance with ITT 3.6, Eligible Tenders. Prices shall be entered in the following manner:

- a) For Goods manufactured in Kenya:
  - i) the price of the Goods quoted EXW (ex-works, ex-factory, ex warehouse, ex showroom, or off-the-shelf, as applicable) final destination point indicated in the **TDS**, including all customs duties and sales and other taxes already paid or payable on the components and raw material used in the manufacture or assembly of the Goods;
  - ii) any sales tax and other taxes which will be payable in Kenya on the Goods if the Contract is awarded to the Tenderer; and
  - iii) the price for inland transportation, insurance, and other local services required to convey the Goods to their final destination specified **in the TDS**.
- b) For Goods manufactured outside Kenya, to be imported:
  - i) the price of the Goods, quoted CIP named place of destination, in Kenya, as specified **in the TDS**;
  - ii) the price for inland transportation, insurance, and other local services required to convey the Goods from the named place of destination to their final destination specified **in the TDS**;
- c) For Goods manufactured outside Kenya, already imported:
  - i) the price of the Goods, including the original import value of the Goods; plus, any mark-up (or rebate); plus, any other related local cost, and custom duties and other import taxes already paid or to be paid on the Goods already imported;
  - ii) the custom duties and other import taxes already paid (need to be supported with documentary evidence) or to be paid on the Goods already imported;
  - iii) any sales and other taxes levied in Kenya which will be payable on the Goods if the Contract is awarded to the Tenderer; and
  - iv) the price for inland transportation, insurance, and other local services required to convey the Goods from the named place of destination to their final destination (Project Site) specified **in the TDS**.
- d) for Related Services, other than inland transportation and other services required to convey the Goods to their final destination, whenever such Related Services are specified in the Schedule of Requirements, the price of each item comprising the Related Services (inclusive of any applicable taxes).

#### **14 Currencies of Tender and Payment**

- 141 The currency (ies) of the Tender, the currency (ies) of award and the currency (ies) of contract payments shall be the same.
- 142 The Tenderer shall quote in Kenya shillings. If allowed in the **TDS**, the Tenderer may express the Tender price in any currency, provided it shall use no more than two foreign currencies in addition to the Kenya Shilling.
- 143 The rates of exchange to be used by the Tenderer shall be based on the exchange rates provided by the Central Bank of Kenya on the date 30 days prior to the actual date of tender opening.

#### **15 Documents Establishing the Eligibility and Conformity of the Goods and Related Services**

- 151 To establish the eligibility of the Goods and Related Services in accordance with ITT 15, Tenderers shall complete the country of origin declarations in the Price Schedule Forms, included in Section IV, Tendering Forms.
- 152 To establish the conformity of the Goods and Related Services to the tendering document, the Tenderer shall furnish as part of its Tender the documentary evidence that the Goods conform to the technical specifications and standards specified in Section VII, Schedule of Requirements.
- 153 The documentary evidence may be in the form of literature, drawings or data, and shall consist of a detailed item by item description of the essential technical and performance characteristics of the Goods and Related Services, demonstrating substantial responsiveness of the Goods and Related Services to the technical specification, and if applicable, a statement of deviations and exceptions to the provisions of the Section VII, Schedule of Requirements.
- 154 The Tenderer shall also furnish a list giving full particulars, including available sources and current prices of spare parts, special tools, etc., necessary for the proper and continuing functioning of the Goods during the period **specified in the TDS** following commencement of

the use of the goods by the Procuring Entity.

- 155 Standards for workmanship, process, material, and equipment, as well as references to brand names or catalogue numbers specified by the Procuring Entity in the Schedule of Requirements, are intended to be descriptive only and not restrictive. The Tenderer may offer other standards of quality, brand names, and/or catalogue numbers, provided that it demonstrates, to the Procuring Entity's satisfaction, that the substitutions ensure substantial equivalence or are superior to those specified in the Section VII, Schedule of Requirements.

#### **16 Documents Establishing the Eligibility and Qualifications of the Tenderer**

- 161 To establish Tenderer eligibility in accordance with ITT 4, Tenderers shall complete the Form of Tender, included in Section IV, Tendering Forms.
- 162 The documentary evidence of the Tenderer qualifications to perform the Contract if its Tender is accepted shall establish to the Procuring Entity's satisfaction:
- a) that, if required **in the TDS**, a Tenderer that does not manufacture or produce the Goods it offers to supply shall submit the Manufacturer's Authorization using the form included in Section IV, Tendering Forms to demonstrate that it has been duly authorized by the manufacturer or producer of the Goods to supply these Goods in Kenya;
  - b) that, if required **in the TDS**, in case of a Tenderer not doing business within the Kenya, the Tenderer is or will be (if awarded the Contract) represented by an Agent in the country equipped and able to carry out the Supplier's maintenance, repair and spare parts-stocking obligations prescribed in the Conditions of Contract and/or Technical Specifications; and
  - c) that the Tenderer meets each of the qualification criterion specified in Section III, Evaluation and Qualification Criteria.

#### **17 Period of Validity of Tenders**

- 171 Tenders shall remain valid for the Tender Validity period specified **in the TDS**. The Tender Validity period starts from the date fixed for the Tender submission deadline (as prescribed by the Procuring Entity in accordance with ITT 21.1). A Tender valid for a shorter period shall be rejected by the Procuring Entity as non-responsive.
- 172 In exceptional circumstances, prior to the expiration of the Tender validity period, the Procuring Entity may request Tenderers to extend the period of validity of their Tenders. The request and the responses shall be made in writing. If a Tender Security is requested in accordance with ITT 18, it shall also be extended for a corresponding period. A Tenderer may refuse the request without forfeiting its Tender Security. A Tenderer granting the request shall not be required or permitted to modify its Tender, except as provided in ITT 17.3.
- 173 If the award is delayed by a period exceeding the number of days to be specified in the **TDS** days beyond the expiry of the initial tender validity period, the Contract price shall be determined as follows:
- a) in the case of **fixed price** contracts, the Contract price shall be the tender price adjusted by the factor specified **in the TDS**;
  - b) in the case of **adjustable price** contracts, no adjustment shall be made; or in any case, tender evaluation shall be based on the tender price without taking into consideration the applicable correction from those indicated above.

#### **18 Tender Security**

- 181 The Tenderer shall furnish as part of its Tender, either a Tender-Securing Declaration or a Tender Security, as specified **in the TDS**, in original form and, in the case of a Tender Security, in the amount and currency specified **in the TDS**.
- 182 A Tender Securing Declaration shall use the form included in Section IV, Tendering Forms.
- 183 If a Tender Security is specified pursuant to ITT 18.1, the Tender Security shall be a demand

guarantee in any of the following forms at the Tenderer option:

- i) cash;
  - ii) a bank guarantee;
  - iii) a guarantee by an insurance company registered and licensed by the Insurance Regulatory Authority listed by the Authority; or
  - iv) a letter of credit; or
  - v) guarantee by a deposit taking micro-finance institution, Sacco society, the Youth Enterprise Development Fund or the Women Enterprise Fund.
- 184 If an unconditional guarantee is issued by a non-Bank financial institution located outside Kenya, the issuing non-Bank financial institution shall have a correspondent financial institution located in Kenya to make it enforceable unless the Procuring Entity has agreed in writing, prior to Tender submission, that a correspondent financial institution is not required. In the case of a bank guarantee, the Tender Security shall be submitted either using the Tender Security Form included in Section IV, Tendering Forms, or in another substantially similar format approved by the Procuring Entity prior to Tender submission. The Tender Security shall be valid for thirty (30) days beyond the original validity period of the Tender, or beyond any period of extension if requested under ITT 17.2.
- 185 If a Tender Security is specified pursuant to ITT 18.1, any Tender not accompanied by a substantially responsive Tender Security shall be rejected by the Procuring Entity as non-responsive.
- 186 If a Tender Security is specified pursuant to ITT 18.1, the Tender Security of unsuccessful Tenderers shall be returned as promptly as possible upon the successful Tenderer signing the Contract and furnishing the Performance Security pursuant to ITT 46. The Procuring Entity shall also promptly return the tender security to the tenderers where the procurement proceedings are terminated, all tenders were determined non-responsive or a bidder declines to extend tender validity period.
- 187 The Tender Security of the successful Tenderer shall be returned as promptly as possible once the successful Tenderer has signed the Contract and furnished the required Performance Security.
- 188 The Tender Security may be forfeited or the Tender Securing Declaration executed:
- a) if a Tenderer withdraws its Tender during the period of Tender validity specified by the Tenderer in the Form of Tender, or any extension thereto provided by the Tenderer; or
  - b) if the successful Tenderer fails to:
    - i) sign the Contract in accordance with ITT 45; or
    - ii) furnish a Performance Security in accordance with ITT 46.
- 189 Where tender securing declaration is executed, the Procuring Entity shall recommend to the PPRA that PPRA debars the Tenderer from participating in public procurement as provided in the law.
- 1810 The Tender Security or Tender- Securing Declaration of a JV must be in the name of the JV that submits the Tender. If the JV has not been legally constituted into a legally enforceable JV at the time of Tendering, the Tender Security or Tender-Securing Declaration shall be in the names of all future members as named in the letter of intent referred to in ITT 3.1 and ITT 10.2.
- 1811 A tenderer shall not issue a tender security to guarantee itself.

## **19. Format and Signing of Tender**

- 191 The Tenderer shall prepare one original of the documents comprising the Tender as described in ITT 11 and clearly mark it "ORIGINAL." Alternative Tenders, if permitted in accordance with ITT 12, shall be clearly marked "ALTERNATIVE." In addition, the Tenderer shall submit copies of the Tender, in the number **specified in the TDS** and clearly mark them "COPY." In the event of any discrepancy between the original and the copies, the original shall prevail.

- 192 Tenderers shall mark as “CONFIDENTIAL” information in their Tenders which is confidential to their business. This may include proprietary information, trade secrets, or commercial or financially sensitive information.
- 193 The original and all copies of the Tender shall be typed or written in indelible ink and shall be signed by a person duly authorized to sign on behalf of the Tenderer. This authorization shall consist of a written confirmation **as specified in the TDS** and shall be attached to the Tender. The name and position held by each person signing the authorization must be typed or printed below the signature. All pages of the Tender where entries or amendments have been made shall be signed or initialed by the person signing the Tender.
- 194 In case the Tenderer is a JV, the Tender shall be signed by an authorized representative of the JV on behalf of the JV, and so as to be legally binding on all the members as evidenced by a power of attorney signed by each members' legally authorized representatives.
- 195 Any inter-lineation, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Tender.

#### **D. Submission and Opening of Tenders**

##### **20 Sealing and Marking of Tenders**

- 201 Depending on the sizes or quantities or weight of the tender documents, a tenderer may use an envelope, package or container. The Tenderer shall deliver the Tender in a single sealed envelope, or in a single sealed package, or in a single sealed container bearing the name and Reference number of the Tender, addressed to the Procuring Entity and a warning not to open before the time and date for Tender opening date. Within the single envelope, package or container, the Tenderer shall place the following separate, sealed envelopes:
- a) in an envelope or package or container marked “ORIGINAL”, all documents comprising the Tender, as described in ITT 11; and
  - b) in an envelope or package or container marked “COPIES”, all required copies of the Tender; and
  - c) if alternative Tenders are permitted in accordance with ITT 12, and if relevant:
    - i) in an envelope or package or container marked “ORIGINAL –ALTERNATIVE TENDER”, the alternative Tender; and
    - ii) in the envelope or package or container marked “COPIES- ALTERNATIVE TENDER”, all required copies of the alternative Tender.
- 202 The inner envelopes or packages or containers shall:
- a) bear the name and address of the Procuring Entity.
  - b) bear the name and address of the Tenderer; and
  - c) bear the name and Reference number of the Tender.
- 203 Where a tender package or container cannot fit in the tender box, the procuring entity shall:
- a) Specify in the **TDS where** such documents should be received.
  - b) maintain a record of tenders received and issue acknowledgement receipt note to each tenderer specifying time and date of receipt.
  - c) Ensure all tenders received are handed over to the tender opening committee for opening at the specified opening place and time.
- 204 If an envelope or package or container is not sealed and marked as required, the *Procuring Entity* will assume no responsibility for the misplacement or premature opening of the Tender. Tenders misplaced or opened prematurely will not be accepted.

##### **21. Deadline for Submission of Tenders**

- 21.1 Tenders must be received by the Procuring Entity at the address and no later than the date and time specified **in the TDS**. When so specified **in the TDS**, Tenderers shall have the option of submitting their Tenders electronically. Tenderers submitting Tenders electronically shall follow the electronic Tender submission procedures **specified in the TDS**.

- 21.2 The Procuring Entity may, at its discretion, extend the deadline for the submission of Tenders by amending the tendering document in accordance with ITT7, in which case all rights and obligations of the Procuring Entity and Tenderers previously subject to the deadline shall thereafter be subject to the deadline as extended.
- 22 Late Tenders**
- 22.1 The Procuring Entity shall not consider any Tender that arrives after the deadline for submission of Tenders. Any Tender received by the Procuring Entity after the deadline for submission of Tenders shall be declared late, rejected, and returned unopened to the Tenderer.
- 23 Withdrawal, Substitution, and Modification of Tenders**
- 23.1 A Tenderer may withdraw, substitute, or modify its Tender after it has been submitted by sending a written notice, duly signed by an authorized representative, and shall include a copy of the authorization (the power of attorney) in accordance with ITT19.3, (except that withdrawal notices do not require copies). The corresponding substitution or modification of the Tender must accompany the respective written notice. All notices must be:
- a) prepared and submitted in accordance with ITT 20 and 21 (except that withdrawal notices do not require copies), and in addition, the respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION;" and
  - b) received by the Procuring Entity prior to the deadline prescribed for submission of Tenders, in accordance with ITT 22.
- 23.3 Tenders requested to be withdrawn in accordance with ITT 23.1 shall be returned unopened to the Tenderers.
- 23.4 No Tender may be withdrawn, substituted, or modified in the interval between the deadline for submission of Tenders and the expiration of the period of Tender validity specified by the Tenderer on the Form of Tender or any extension thereof.
- 24 Tender Opening**
- 24.1 Except as in the cases specified in ITT 23, the Procuring Entity shall, at the Tender opening, publicly open and read out all Tenders received by the deadline at the date, time and place specified in the TDS in the presence of Tenderers' designated representatives who choose to attend, including to attend any specific electronic tender opening procedures if electronic tendering is permitted in accordance with ITT 21.1, shall be as specified in the TDS.
- 24.2 First, envelopes marked "WITHDRAWAL" shall be opened and read out and the envelope with the corresponding Tender shall not be opened, but returned to the Tenderer. If the withdrawal envelope does not contain a copy of the "power of attorney" confirming the signature as a person duly authorized to sign on behalf of the Tenderer, the corresponding Tender will be opened. No Tender withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorization to request the withdrawal and is read out at Tender opening.
- 24.3 Next, envelopes marked "SUBSTITUTION" shall be opened and read out and exchanged with the corresponding Tender being substituted, and the substituted Tender shall not be opened, but returned to the Tenderer. No Tender substitution shall be permitted unless the corresponding substitution notice contains a valid authorization to request the substitution and is read out at Tender opening.
- 24.4 Next, envelopes marked "MODIFICATION" shall be opened and read out with the corresponding Tender. No Tender modification shall be permitted unless the corresponding modification notice contains a valid authorization to request the modification and is read out at Tender opening.
- 24.5 Next, all remaining envelopes shall be opened one at a time, reading out: the name of the Tenderer and whether there is a modification; the total Tender Prices, per lot (contract) if applicable, including any discounts and alternative Tenders; the presence or absence of a Tender Security, if required; and any other details as the Procuring Entity may consider appropriate.

- 246 Only Tenders, alternative Tenders and discounts that are opened and read out at Tender opening shall be considered further for evaluation. The Form of Tender and pages of the Bills of Quantities are to be initialed by the members of the tender opening committee attending the opening. The number of representatives of the Procuring Entity to sign shall be specified in the **TDS**.
- 247 The Procuring Entity shall neither discuss the merits of any Tender nor reject any Tender (except for late Tenders, in accordance with ITT 22.1).
- 248 The Procuring Entity shall prepare a record of the Tender opening that shall include, as a minimum:
- a) the name of the Tenderer and whether there is a withdrawal, substitution, or modification;
  - b) the Tender Price, per lot (contract) if applicable, including any discounts;
  - c) any alternative Tenders;
  - d) the presence or absence of a Tender Security or Tender-Securing Declaration, if one was required;
  - e) number of pages of each tender document submitted.
- 249 The Tenderers' representatives who are present shall be requested to sign the record. The omission of a Tenderer signature on the record shall not invalidate the contents and effect of the record. A copy of the tender opening register shall be issued to a Tenderer upon request.

#### **E. Evaluation and Comparison of Tenders**

##### **25. Confidentiality**

- 25.1 Information relating to the evaluation of Tenders and recommendation of contract award, shall not be disclosed to Tenderers or any other persons not officially concerned with the tendering process until the information on Intention to Award the Contract is transmitted to all Tenderers in accordance with ITT 41.
- 25.2 Any effort by a Tenderer to influence the Procuring Entity in the evaluation or contract award decisions may result in the rejection of its Tender.
- 25.3 Notwithstanding ITT 25.2, from the time of Tender opening to the time of Contract Award, if any Tenderer wishes to contact the Procuring Entity on any matter related to the Tendering process, it should do so in writing.

##### **26. Clarification of Tenders**

- 26.1 To assist in the examination, evaluation, comparison of the Tenders, and qualification of the Tenderers, the Procuring Entity may, at its discretion, ask any Tenderer for a clarification of its Tender. Any clarification submitted by a Tenderer in respect to its Tender and that is not in response to a request by the Procuring Entity shall not be considered. The Procuring Entity's request for clarification and the response shall be in writing. No change, including any voluntary increase or decrease, in the prices or substance of the Tender shall be sought, offered, or permitted except to confirm the correction of arithmetic errors discovered by the Procuring Entity in the Evaluation of the Tenders, in accordance with ITT 30.

If a Tenderer does not provide clarifications of its Tender by the date and time set in the Procuring Entity's request for clarification, its Tender may be rejected.

##### **27. Deviations, Reservations, and Omissions**

- 27.1 During the evaluation of Tenders, the following definitions apply:
- a) "Deviation" is a departure from the requirements specified in the Tendering document;
  - b) "Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the tendering document; and

- c) "Omission" is the failure to submit part or all of the information or documentation required in the tendering document.

## **28 Determination of Responsiveness**

- 28.1 The Procuring Entity's determination of a Tender's responsiveness is to be based on the contents of the Tender itself, as defined in ITT28.2.
- 28 A substantially responsive Tender is one that meets the requirements of the tendering document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:
- a) if accepted, would:
    - i) affect in any substantial way the scope, quality, or performance of the Goods and Related Services specified in the Contract; or
    - ii) limit in any substantial way, inconsistent with the tendering document, the Procuring Entity's rights or the Tenderer obligations under the Contract; or
  - b) if rectified, would unfairly affect the competitive position of other Tenderers presenting substantially responsive Tenders.
- 28.2 The Procuring Entity shall examine the technical aspects of the Tender submitted in accordance with ITT 15 and ITT 16, in particular, to confirm that all requirements of Section VII, Schedule of Requirements have been met without any material deviation or reservation, or omission.
- 28.3 If a Tender is not substantially responsive to the requirements of tendering document, it shall be rejected by the Procuring Entity and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.

## **29. Non-conformities, Errors and Omissions**

- 29.1 Provided that a Tender is substantially responsive, the Procuring Entity may waive any non-conformities in the Tender.
- 29.2 Provided that a Tender is substantially responsive, the Procuring Entity may request that the Tenderer submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial non- conformities or omissions in the Tender related to documentation requirements. Such omission shall not be related to any aspect of the price of the Tender. Failure of the Tenderer to comply with the request may result in the rejection of its Tender.
- 29.3 Provided that a Tender is substantially responsive, the Procuring Entity shall rectify quantifiable nonmaterial non-conformities related to the Tender Price. To this effect, the Tender Price shall be adjusted, for comparison purposes only, to reflect the price of a missing or non-conforming item or component in the manner specified **in the TDS**. The adjustment shall be based on the **average** price of the item or component as quoted in other substantially responsive Tenders. If the price of the item or component cannot be derived from the price of other substantially responsive Tenders, the Procuring Entity shall use its best estimate.

## **30. Arithmetical Errors**

- 30.1 The tender sum as submitted and read out during the tender opening shall be absolute and final and shall not be the subject of correction, adjustment or amendment in any way by any person or entity.
- 30.2 Provided that the Tender is substantially responsive, the Procuring Entity shall handle errors on the following basis:
- a) Any error detected if considered a major deviation that affects the substance of the tender, shall lead to disqualification of the tender as non-responsive .

- b) Any errors in the submitted tender arising from a miscalculation of unit price, quantity, subtotal and total bid price shall be considered as a major deviation that affects the substance of the tender and shall lead to disqualification of the tender as non-responsive. and
  - c) if there is a discrepancy between words and figures, the amount in words shall prevail.
- 303 Tenderers shall be notified of any error detected in their bid during the notification of a ward.

### **31. Conversion to Single Currency**

- 31.1 For evaluation and comparison purposes, the currency(ies) of the Tender shall be converted in a single currency as specified **in the TDS**.

### **32. Margin of Preference and Reservations**

- 32.1 A margin of preference may be allowed on locally manufactured goods only when the contract is open to international tendering, where the tender is likely to attract foreign goods and where the contract exceeds the threshold specified in the Regulations.
- 32.2 For purposes of granting a margin of preference on locally manufactured goods under international competitive tendering, a procuring entity shall not subject the items listed below to international tender and hence no margin of preference shall be allowed. The affected items are:
- a) motor vehicles, plant and equipment which are assembled in Kenya;
  - b) furniture, textile, foodstuffs, oil and gas, information communication technology, steel, cement, leather agro-processing, sanitary products, and other goods made in Kenya; or
  - c) goods manufactured, mined, extracted or grown in Kenya.
- 32.3 A margin of preference shall not be allowed unless it is specified so in the **TDS**.
- 32.4 Contracts procured on basis of international competitive tendering shall not be subject to reservations to specific groups as provided in ITT 32.5.
- 32.5 Where it is intended to reserve a contract to a specific group of businesses (these groups are Small and Medium Enterprises, Women Enterprises, Youth Enterprises and Enterprises of persons living with disability, as the case may be), and who are appropriately registered as such by the authority to be specified in the **TDS**, a procuring entity shall ensure that the invitation to tender specifically indicates that only businesses or firms belonging to the specified group are eligible to tender as specified in the **TDS**. No tender shall be reserved to more than one group. If not so stated in the Tender documents, the invitation to tender will be open to all interested tenderers.

### **33. Evaluation of Tenders**

- 33.1 The Procuring Entity shall use the criteria and methodologies listed in this ITT and Section III, Evaluation and Qualification criteria. No other evaluation criteria or methodologies shall be permitted. By applying the criteria and methodologies, the Procuring Entity shall determine the Lowest Evaluated Tender. This is the Tender of the Tenderer that meets the qualification criteria and whose Tender has been determined to be:
- a) substantially responsive to the tender documents; and
  - b) the lowest evaluated price.
- 33.2 Price evaluation will be done for Items or Lots (contracts), as specified **in the TDS**; and the Tender Price as quoted in accordance with ITT 14. To evaluate a Tender, the Procuring Entity shall consider the following:
- a) price adjustment due to unconditional discounts offered in accordance with ITT 13.4;

- b) converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with ITT 31;
  - c) price adjustment due to quantifiable nonmaterial non-conformities in accordance with ITT 29.3; and
  - d) any additional evaluation factors specified in the TDS and Section III, Evaluation and Qualification Criteria.
- 333 The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be considered in Tender evaluation.
- 334 Where the tender involves multiple lots or contracts, the tenderer will be allowed to tender for one or more lots (contracts). Each lot or contract will be evaluated in accordance with ITT 33.2. The methodology to determine the lowest evaluated tenderer or tenderers based one lot (contract) or based on a combination of lots (contracts), will be specified in Section III, Evaluation and Qualification Criteria. In the case of multiple lots or contracts, tenderer will be will be required to prepare the Eligibility and Qualification Criteria Form for each Lot.
- 335 The Procuring Entity's evaluation of a Tender will include and consider:
- a) in the case of Goods manufactured in Kenya, sales and other similar taxes, which will be payable on the goods if a contract is awarded to the Tenderer;
  - b) in the case of Goods manufactured outside Kenya, already imported or to be imported, customs duties and other import taxes levied on the imported Good, sales and other similar taxes, which will be payable on the Goods if the contract is awarded to the Tenderer;
- 336 The Procuring Entity's evaluation of a Tender may require the consideration of other factors, in addition to the Tender Price quoted in accordance with ITT 14. These factors may be related to the characteristics, performance, and terms and conditions of purchase of the Goods and Related Services. The effect of the factors selected, if any, shall be expressed in monetary terms to facilitate comparison of Tenders, unless otherwise specified in the TDS from amongst those set out in Section III, Evaluation and Qualification Criteria. The additional criteria and methodologies to be used shall be as specified in ITT 33.2(d).

#### **34 Comparison of Tenders**

- 34.1 The Procuring Entity shall compare the evaluated costs of all substantially responsive Tenders established in accordance with ITT 33.2 to determine the Tender that has the lowest evaluated cost. The comparison shall be on the basis of total cost (place of final destination) prices for all goods and all prices, plus cost of inland transportation and insurance to place of destination, for goods manufactured within the Kenya, together with prices for any required installation, training, commissioning and other services.

#### **35 Abnormally Low Tenders**

- 35.1 An Abnormally Low Tender is one where the Tender price, in combination with other constituent elements of the Tender, appears unreasonably low to the extent that the Tender price raises material concerns with the Procuring Entity as to the capability of the Tenderer to perform the Contract for the offered Tender price.
- 352 In the event of identification of a potentially Abnormally Low Tender by the evaluation committee, the Procuring Entity shall seek written clarification from the Tenderer, including a detailed price analyses of its Tender price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risks and responsibilities and any other requirements of the tendering document.
- 353 After evaluation of the price analysis, in the event that the Procuring Entity determines that the Tenderer has failed to demonstrate its capability to perform the contract for the offered Tender price, the Procuring Entity shall reject the Tender.

#### **36 Abnormally High Tenders**

- 36.4 An abnormally high price is one where the tender price, in combination with other constituent

elements of the Tender, appears unreasonably too high to the extent that the Procuring Entity is concerned that it (the Procuring Entity) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between Tenderers is compromised.

- 36.5 In case of an abnormally high tender price, the Procuring Entity shall make a survey of the market prices, check if the estimated cost of the contract is correct and review the Tender Documents to check if the specifications, scope of work and conditions of contract are contributory to the abnormally high tenders. The Procuring Entity may also seek written clarification from the tenderer on the reason for the high tender price. The Procuring Entity shall proceed as follows:
- i) If the tender price is abnormally high based on wrong estimated cost of the contract, the Procuring Entity may accept or not accept the tender depending on the Procuring Entity's budget considerations.
  - ii) If specifications, scope of work and/or conditions of contract are contributory to the abnormally high tender prices, the Procuring Entity shall reject all tenders and may retender for the contract based on revised estimates, specifications, scope of work and conditions of contract, as the case may be.
- 36.6 If the Procuring Entity determines that the Tender Price is abnormally too high because genuine competition between tenderers is compromised (*often due to collusion, corruption or other manipulations*), the Procuring Entity shall reject all Tenders and shall institute or cause relevant Government Agencies to institute an investigation on the cause of the compromise, before retendering.

### **37. Post-Qualification of the Tenderer**

- 37.1 The Procuring Entity shall determine, to its satisfaction, whether the eligible Tenderer that is selected as having submitted the lowest evaluated cost and substantially responsive Tender, meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.
- 37.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer qualifications submitted by the Tenderer, pursuant to ITT 15 and 16. The determination shall not take into consideration the qualifications of other firms such as the Tenderer subsidiaries, parent entities, affiliates, subcontractors (other than specialized subcontractors if permitted in the tendering document), or any other firm(s) different from the Tenderer.
- 37.3 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the Tender, in which event the Procuring Entity shall proceed to the Tenderer who offers a substantially responsive Tender with the next lowest evaluated cost to make a similar determination of that Tenderer qualifications to perform satisfactorily.

### **38. Lowest Evaluated Tender**

- 38.1 Having compared the evaluated prices of Tenders, the Procuring Entity shall determine the Lowest Evaluated Tender. The Lowest Evaluated Tender is the Tender of the Tenderer that meets the Qualification Criteria and whose Tender has been determined to be:
- a) most responsive to the Tender document; and
  - b) the lowest evaluated price.

### **39. Procuring Entity's Right to Accept Any Tender, and to Reject Any or All Tenders.**

- 39.1 The Procuring Entity reserves the right to accept or reject any Tender, and to annul the Tendering process and reject all Tenders at any time prior to notification Award, without thereby incurring any liability to Tenderers. In case of annulment, all Tenderers shall be notified with reasons and all Tenders submitted and specifically, tender securities, shall be promptly returned to the Tenderers.

## **F. Award of Contract**

### **40. Award Criteria**

- 40.1 The Procuring Entity shall award the Contract to the successful tenderer whose tender has been determined to be the Lowest Evaluated Tender in accordance with procedures in Section 3: Evaluation and Qualification Criteria.

### **41. Procuring Entity's Right to Vary Quantities at Time of Award**

- 41.1 The Procuring Entity reserves the right at the time of Contract award to increase or decrease, by the percentage (s) for items as indicated in the TDS.

### **42. Notice of Intention to enter into a Contract**

Upon award of the contract and Prior to the expiry of the Tender Validity Period the Procuring Entity shall issue a Notification of Intention to Enter into a Contract / Notification of award to all tenderers which shall contain, at a minimum, the following information:

- a) the name and address of the Tenderer submitting the successful tender;
- b) the Contract price of the successful tender;
- c) a statement of the reason(s) the tender of the unsuccessful tenderer to whom the letter is addressed was unsuccessful, unless the price information in (c) above already reveals the reason;
- d) the expiry date of the Standstill Period; and
- e) instructions on how to request a debriefing and/or submit a complaint during the standstill period;

### **43. Standstill Period**

- 43.1 The Contract shall not be awarded earlier than the expiry of a Standstill Period of 14 days to allow any dissatisfied candidate to launch a complaint. Where only one Tender is submitted, the Standstill Period shall not apply.
- 43.2 Where standstill period applies, it shall commence when the Procuring Entity has transmitted to each Tenderer the Notification of Intention to Enter into a Contract to the successful Tenderer.

### **44. Debriefing by the Procuring Entity**

- 44.1 On receipt of the Procuring Entity's Notification of Intention to Enter into a Contract referred to in ITT 41, an unsuccessful tenderer may make a written request to the Procuring Entity for a debriefing on specific issues or concerns regarding their tender. The Procuring Entity shall provide the debriefing within five days of receipt of the request.
- 44.2 Debriefings of unsuccessful Tenderers may be done in writing or verbally. The Tenderer shall bear its own costs of attending such a debriefing meeting.

### **45. Letter of Award**

Prior to the expiry of the Tender Validity Period and upon expiry of the Standstill Period specified in ITT 42, upon addressing a complaint that has been filed within the Standstill Period, the Procuring Entity shall transmit the Letter of Award to the successful Tenderer. The letter of award shall request the successful tenderer to furnish the Performance Security within 21 days of the date of the letter.

### **46. Signing of Contract**

- 461 Upon the expiry of the fourteen days of the Notification of Intention to enter into contract and upon the parties meeting their respective statutory requirements, the Procuring Entity shall send the successful Tenderer the Contract Agreement.
- 462 Within fourteen (14) days of receipt of the Contract Agreement, the successful Tenderer shall sign, date, and return it to the Procuring Entity.
- 463 The written contract shall be entered into within the period specified in the notification of award and before expiry of the tender validity period.

#### **47. Performance Security**

- 47.1 Within twenty-one (21) days of the receipt of Letter of Acceptance from the Procuring Entity, the successful Tenderer, if required, shall furnish the Performance Security in accordance with the GCC 18, using for that purpose the Performance Security Form included in Section X, Contract Forms. If the Performance Security furnished by the successful Tenderer is in the form of a bond, it shall be issued by a bonding or insurance company that has been determined by the successful Tenderer to be acceptable to the Procuring Entity. A foreign institution providing a bond shall have a correspondent financial institution located in Kenya, unless the Procuring Entity has agreed in writing that a correspondent financial institution is not required.
- 47.2 Failure of the successful Tenderer to submit the above-mentioned Performance Security or sign the Contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the Tender Security. In that event the Procuring Entity may award the Contract to the Tenderer offering the next lowest Evaluated Tender.
- 47.3 Performance security shall not be required for a contract, if so specified in the TDS.

#### **48. Publication of Procurement Contract**

- 48.1 Within fourteen days after signing the contract, the Procuring Entity shall publish and publicize the awarded contract at its notice boards, entity website; and on the Website of the Authority in manner and format prescribed by the Authority. At the minimum, the notice shall contain the following information:
- a) name and address of the Procuring Entity;
  - b) name and reference number of the contract being awarded, a summary of its scope and the selection method used;
  - c) the name of the successful Tenderer, the final total contract price, the contract duration.
  - d) dates of signature, commencement and completion of contract;
  - e) names of all Tenderers that submitted Tenders, and their Tender prices as read out at Tender opening;

#### **49. Procurement Related Complaints and Administrative Review**

- 49.1 The procedures for making a Procurement-related Complaint are as specified in the TDS.
- 49.2 A request for administrative review shall be made in the form provided under contract forms.

## SECTION II – TENDER DATA SHEET (TDS)

The following specific data shall complement, supplement, or amend the provisions in the Instructions to Tenderers (ITT). Whenever there is a conflict, the provisions herein shall prevail over those in ITT.

| ITT Reference     | Particulars Of Appendix To Instructions To Tenders  |
|-------------------|---|
| <b>A. General</b> |   |
| ITT 1.1           | <p>The reference number of the Invitation for Tenders is: <b>KGN-OLK-034-2024</b></p> <p>The Procuring Entity is: <b>Kenya Electricity Generating Company PLC</b></p> <p>The name of the Contract is: <b>TENDER FOR DESIGN, MANUFACTURE, TESTING AND SUPPLY, OF 3.3KV TIE SWITCHGEAR FOR OLKARIA IV POWER STATION</b></p> |

**Electronic –Procurement System**

The Procuring Entity shall use the following electronic-procurement system to manage this Tendering process via

[/www.kengen.co.ke](http://www.kengen.co.ke) (<https://eprocurement.kengen.co.ke:50001/irj/portal/>)

Internet Explorer and Firefox Mozilla are the Preferred web browsers.

1. For suppliers registering for the first time using the link [https://supplierregistration.kengen.co.ke:4302/slc\\_selfreg\(bD1lbjZjPTMwMCZkPW1pbg==\)/bspwdapplication.do#VIEW\\_ANCHOR-ROS\\_TOP](https://supplierregistration.kengen.co.ke:4302/slc_selfreg(bD1lbjZjPTMwMCZkPW1pbg==)/bspwdapplication.do#VIEW_ANCHOR-ROS_TOP) ensure the “Public Tender” checkbox is ticked so that the login details are sent to suppliers automatically.

2. It is a mandatory requirement all Documents MUST be uploaded to the SRM System through the link <https://eprocurement.kengen.co.ke:50001/irj/portal> found on [www.kengen.co.ke](http://www.kengen.co.ke).

After clicking on the Event Number, then click on Register (for Open tenders), then click on ‘Create Response’, bidders to click on ‘Technical RFx Response’ tab to access the cfolder page to upload your document

**Instructions to Bidders: Caution on Uploading Bid Documents**

a. **Preferred Submission Method:** Bidders are advised to use the C-Folder for submitting their tenders. This platform is specifically designed to handle bulky technical bid documents of up to **99MB per file**.

b. **Exceeding File Size Limit:** In the event that the bid response exceeds the **99MB limit**: ~

i. Bidders should try to compress the pdf file first to file size less than 99MB and if compressing doesn't reduce the file size consider option (ii) below.

ii. **Split the documents into two or more** separate files before submission. This ensures the integrity of the tendering process and accurate evaluation of all necessary information.

c. Bids uploaded on “Notes and Attachments Tab” may have a transmission failure and the bid may not be successfully received through the system and KenGen will not be held accountable for failure to transmit on eProcurement portal.

d. **Assistance and Inquiries:** For any questions or further assistance, bidders are encouraged to reach out to the team at least 24 hours before submission deadline through [eprocurement@kengen.co.ke](mailto:eprocurement@kengen.co.ke) ; or [tenders@kengen.co.ke](mailto:tenders@kengen.co.ke) ; or visit our offices through the Karibu Centre.

- Prices **MUST** be entered under item tab of the RFx and **MUST** be similar to the prices in the price/BoQ Schedule.

## SECTION III - EVALUATION AND QUALIFICATION CRITERIA

### 1. General Provisions

1.1 Wherever a Tenderer is required to state a monetary amount, Tenderers should indicate the Kenya Shilling equivalent using the rate of exchange determined as follows:

- a) For business turnover or financial data required for each year - Exchange rate prevailing on the last day of the respective calendar year (in which the amounts for that year is to be converted) was originally established.
- b) Value of single contract - Exchange rate prevailing on the date of the contract signature.
- c) Exchange rates shall be taken from the publicly available source identified in **the ITT 14.3**. Any error in determining the exchange rates in the Tender may be corrected by the Procuring Entity.

1.2 This section contains the criteria that the Procuring Entity shall use to evaluate tender and qualify tenderers. No other factors, methods or criteria shall be used other than those specified in this tender document. The Tenderer shall provide all the information requested in the forms included in Section IV, Tendering Forms. The Procuring Entity should use the Standard Tender Evaluation Report for Goods and Works for evaluating Tenders.

### REGISTRATION AND BIDDING PROCESS

1. For suppliers registering for the first time using the link [https://supplierregistration.kengen.co.ke:4302/slc\\_selfreg\(bD11biZjPTMwMCZkPW1pbpg==\)/bspw\\_dapplication.do#VIEW\\_ANCHOR-ROS\\_TOP](https://supplierregistration.kengen.co.ke:4302/slc_selfreg(bD11biZjPTMwMCZkPW1pbpg==)/bspw_dapplication.do#VIEW_ANCHOR-ROS_TOP) ensure the “Public Tender” checkbox is ticked so that the login details are sent to suppliers automatically.

2. It is a mandatory requirement all Documents MUST be uploaded to the SRM System through the link <https://eprocurement.kengen.co.ke:50001/irj/> portal found on [www.kengen.co.ke](http://www.kengen.co.ke).

- Prices **MUST** be entered under item tab of the RFx and **MUST** be similar to the prices in the price/BoQ Schedule.

After clicking on the Event Number, then click on Register (for Open tenders), then click on ‘Create Response’, bidders to click on ‘Technical RFx Response’ tab to access the cfolder page to upload your document.

### Instructions to Bidders: Caution on Uploading Bid Documents

- a. **Preferred Submission Method:** Bidders are advised to use the C-Folder for submitting their tenders. This platform is specifically designed to handle bulky technical bid documents of up to **99MB per file**.
- b. **Exceeding File Size Limit:** In the event that the bid response exceeds the **99MB limit**: ~

i. Bidders should try to compress the **pdf file first to file size less than 99MB** and if compressing doesn't reduce the file size consider option (ii) below.

ii. **Split the documents into two or more** separate files before submission. This ensures the integrity of the tendering process and accurate evaluation of all necessary information.

c. Bids uploaded on “**Notes and Attachments Tab**” may have a transmission failure and the bid may not be successfully received through the system and KenGen will not be held accountable for failure to transmit on eProcurement portal.

d. **Assistance and Inquiries:** For any questions or further assistance, bidders are encouraged to reach out to the team at least 24 hours before submission deadline through [eprocurement@kengen.co.ke](mailto:eprocurement@kengen.co.ke) ; or [tenders@kengen.co.ke](mailto:tenders@kengen.co.ke) ; or visit our offices through the Karibu Centre.

- Bidders should confirm on the supplier portal that the status of their RFx response shows “Submitted” and not “Saved” to ensure their RFx response is submitted.

| Event Number | Event Description          | Event Type     | Event Status | Start Date | End Date   | Response Number | Response Status |
|--------------|----------------------------|----------------|--------------|------------|------------|-----------------|-----------------|
| 500000       | Test Bid Invite to Bidders | Open Tendering | Published    |            | 22.09.2023 | 600000          | Saved           |
| 500000       | Test 4 in sus portal       | Open Tendering | Published    |            | 15.02.2023 | 600000          | Submitted       |

- Bidders who have submitted their bids should not click on **WITHDRAW** but click on **EDIT** to amend their bid response with appropriate changes if they desire to do so.
- Manuals to guide on the bidding process are accessible via the KenGen Tenders Portal.

- Bidders to note that **system challenges/support** related to bid submission issues shall be addressed to [eprocurement@kengen.co.ke](mailto:eprocurement@kengen.co.ke) 24hrs before tender closing date and time.

## 2 Evaluation of Tenders (ITT 33)

### 2.1 Successful Tender or Tenders

The Procuring Entity shall use the criteria and methodologies listed in this Section to evaluate Tenders. By applying these criteria and methodologies, the Procuring Entity shall determine the successful Tender or Tenders which has/have been determined to:

- a) be substantially responsive to the tender documents;
- b) offer the lowest evaluated cost to the Procuring Entity for all items of Goods to be procured based on either a single Contract or all multiple Contracts combined, as the case may be, in accordance with the ITT 13.6 inviting Tender prices and discounts, and provisions made of the Tender Document for evaluation of tenders and award of contract (s); and
- c) be offered by Tenderer or Tenderers that substantially meet the qualification criteria applicable for Contract or combined Contracts for which they are selected.

### 2.2 Evaluation of Tenders

#### Preliminary examination for Determination of Responsiveness

The Procuring Entity will start by examining all tenders to ensure they meet in all respects the eligibility criteria and other mandatory requirements in the ITT, and that the tender is complete in all aspects in meeting the requirements provided for in the preliminary evaluation criteria

outlined below. The Standard Tender Evaluation Report Document for Goods and Works for evaluating Tenders provides very clear guide on how to deal with review of these requirements. Tenders that do not pass the Preliminary Examination will be considered non-responsive and will not be considered further.

### **STAGE 1: MANDATORY REQUIREMENTS**

The following mandatory requirements must be met notwithstanding other requirements in the tender document:

| No   | Preliminary Mandatory Evaluation Requirements  |
|------|--|
| MR 1 | Copy of Registration Certificate /Certificate of Incorporation.  |
| MR 2 | Valid copy of the business permit.   |
| MR 3 | Valid Tax Compliance Certificate and Pin Certificate.  |
| MR 4 | Duly filled, signed & stamped Tenderer's Eligibility Confidential Business Questionnaire form.   |
| MR 5 | Copy of a valid CR 12 issued within 6 months of tender closure.  |
| MR6  | <p>The Original Tender Security of <b>KShs. 400,000.00</b> or equivalent in a freely convertible currency, in form of:</p> <ul style="list-style-type: none"> <li>➤ Tender Security from a <b>reputable bank</b> registered by the Central Bank of Kenya</li> <li>➤ Guarantee issued by a <b>financial institution</b> approved and licensed by the Central Bank of Kenya.</li> <li>➤ A guarantee by an <b>insurance company</b> registered and licensed by the Insurance Regulatory Authority listed by the Public Procurement Regulatory Authority.</li> </ul> <p>Valid for 30 days beyond the tender validity period. All tender securities submitted shall be subject to authentication by KenGen and <b>MUST</b> be submitted in a plain sealed envelope and clearly marked <b>"KGN-OLK-034-2024- TENDER FOR DESIGN, MANUFACTURE, TESTING AND SUPPLY, OF 3.3KV TIE SWITCHGEAR, FOR OLKARIA IV POWER STATION"</b> addressed to:</p> <p style="text-align: center;">General Manager, Supply Chain,<br/>Kenya Electricity Generating Company PLC,<br/>Ground Floor, KenGen Pension Plaza I,<br/>Kolobot Road, Parklands,<br/>P.O. Box 47936, 00100<br/>NAIROBI.</p> <p><i>The Original Tender Security</i> clearly labeled should be dropped at the tender box located on Ground Floor at KenGen, KenGen, RBS building on or before tender closing and time.</p> <p><b>E- Tender securities are acceptable subject to:</b></p> <ul style="list-style-type: none"> <li>v. Attachment of a scanned copy to the bid document.</li> <li>vi. Submission of the e-security to the address indicated below:</li> </ul> <ul style="list-style-type: none"> <li>➤ Such E-Security can be verified by use of a Quick Response (QR) code</li> </ul> |
| MR 7 | Duly filled and signed and stamped Form of Tender.   |
| MR 8 | Duly filled and signed and stamped price schedule.   |
| MR 9 | Duly filled signed and stamped Addendum(s) and Clarification(s) issued must be attached (Where Applicable).  |

|       |  |  |
|-------|--|--|
| MR10  | The Tender MUST be submitted in the required format and serialized on each page of the bid submitted, Sec.74.1.i. of the PPADA, 2015.  |  |
| MR 11 | Tender bids and documents must be submitted through our e-procurement platform found at <a href="http://www.kengen.co.ke">www.kengen.co.ke</a> ( <a href="https://eprocurement.kengen.co.ke:50001/irj/portal/">https://eprocurement.kengen.co.ke:50001/irj/portal/</a> ) |  |
| MR12  | The tender has been duly signed by the person lawfully authorized to do so through a Tender specific Power of Attorney.  |  |
| MR13  | Duly filled signed and stamped Self Declaration form that the tenderer is not debarred in the matter of PPADA 2015   |  |
| MR14  | Duly filled signed and stamped Self Declaration form that the tenderer will not engage in any corrupt or Fraudulent Practice.  |  |
| MR15  | Duly filled signed and stamped Certificate of Independent Tender Declaration   |  |
| MR16  | Duly filled, signed and stamped Declaration and Commitment to the Code of Ethics.  |  |
| MR17  | Duly filled signed Tenderer Information Form   |  |
| MR18  | All items in each schedule must be quoted to be considered responsive.   |  |
| MR19  | Copy of Mandatory site visit Certificate.  |  |
| MR 20 | In cases of Joint Ventures, a Joint Venture Agreement Must be submitted to govern the partnership for the whole engagement period. (where applicable)  |  |
| MR21  | In cases of Joint Ventures, Bidder Must attach a duly registered Power of Attorney between the Joint Venture Partners.   |  |
| MR22  | Duly signed and stamped Manufacturer's Authorization Letter if not a manufacturer  |  |
| MR23  | The audited financial statements by a registered audit firm for the last 3 years shall be submitted to be used to calculate financial ratios and Demonstrate the current soundness of the Bidder's financial position and its prospective long term                      |  |
| MR 24 | <b>Financial ratios</b>  | Current Ratio: 1:1   |
|       |  | Positive net worth in their audited balance sheet                              |
|       |  | Debt to Equity Ratio – Less than 2.33x times                                   |
|       |  | Positive (+ve) Net worth in the audited balance sheet                          |
|       |  | At least one year out of the recent three years of positive Profit before Tax. |

## 221 Evaluation of Technical aspects of the Tender

The Procuring Entity shall evaluate the technical aspects of the Tender to determine compliance with the Procuring Entity's requirements under Section V 'Schedule of Requirement' and whether the Tenders are substantially responsive to the Technical Specifications and other Requirements.

### STAGE 2-TECHNICAL EVALUATION ON CAPACITY TO DELIVER THE CONTRACT

Technical evaluation shall be carried out only if the tender is determined to be responsive to the preliminary examination.

Bidder must demonstrate conformance to the all the technical specifications and requirements set out in the tender document.

The Technical Evaluation will also be based on compliance with the technical specifications set out in the tender document.

| o.  | Technical Evaluation Requirements   | Compliance (Yes/ No) |
|-----|---|----------------------|
| TR1 | Conformance to all technical specifications and requirements of the tender document   |                      |
| TR2 | Provide product technical details in form of Brochures or Catalogues for the items they intend to supply for replacement which must be stamped as sign of ownership.  |                      |
| TR3 | Bidders who are not manufacturers must provide a Manufacturer's Authorization Letter for EACH items they intend to supply.<br><br>N/B: Such Letter must be addressed to the Procuring Entity. Letters which are not from the principal OEM shall not be admissible.<br><br>The OEM must include their contact details; email, telephone contact and physical location |                      |
| TR4 | Warranty period of at least <b>12 months</b> from FIRST USE must be provided.   |                      |
| TR3 | Olkaria geothermal area is exposed to corrosive H <sub>2</sub> S gas. The contractor shall show conformity of providing all tinned; copper cables, busbars, cable lugs, and all exposed electrical parts of the transformer.  |                      |
| TR4 | Implementation schedule (plan) indicating all the activities and sub-activities in the scope of tender. The delivery period for the project shall be 70 calendar days after signing of contract with 40 days for design approval, manufacturing & FAT, and 30 days for installation, testing and commissioning.   |                      |
| TR5 | Submit a Safety Management Plan for the project; Bidder required to submit a detailed Job Safety Analysis (JSA) outlining the key sub-phases/ tasks, the hazard inherent in them, and planned mitigation measures.  |                      |
| TR6 | Provide a Method Statement on how the works shall be executed in a logical manner.  |                      |

**Price evaluation:** in addition to the criteria listed in ITT 35.2 (a)–(d) the following criteria shall apply:

#### **PRICE EVALUATION**

Consistent with and in addition to the criteria listed in ITT 33.3 and ITT 29.3; and ITT 34 and its subparagraphs the following criteria shall apply:

**Bidders must be responsive on ALL the above criteria to be considered qualified for financial evaluation.**

#### **STAGE 3. FINANCIAL EVALUATION**

Financial evaluation shall involve checking completeness of financial bids.

- Award shall be **based on the lowest evaluated bidder**.
- Consideration of the prevailing market price and value for money.
- Tender sum as submitted and read out during tender opening as per the form of tender is absolute and final and shall not be subject to correction, adjustment or amendment
- All prices must be inclusive of all the applicable taxes.
- Award shall be based on the **TOTAL LOWEST EVALUATED PRICE**.

#### **STAGE 4. DUE DILLIGENCE**

KenGen shall prior to award of the tender, may conduct due diligence to determine to its satisfaction whether the selected bids will qualify to perform the contract satisfactorily.

- k) **State-owned enterprise or institution:** *[select the appropriate option and delete the other] [We are not a state-owned enterprise or institution] / [We are a state-owned enterprise or institution but meet the requirements of ITT 3.7];*
- l) **Commissions, gratuities, fees:** We have paid, or will pay the following commissions, gratuities, or fees with respect to the Tendering process or execution of the Contract: *[insert complete name of each Recipient, its full address, the reason for which each commission or gratuity was paid and the amount and currency of each such commission or gratuity]*

| Name of Recipient | Address | Reason | Amount |
|-------------------|---------|--------|--------|
|                   |         |        |        |
|                   |         |        |        |
|                   |         |        |        |
|                   |         |        |        |

(If none has been paid or is to be paid, indicate “none.”)

- m) **Binding Contract:** We understand that this Tender, together with your written acceptance thereof included in your Letter of Acceptance, shall constitute a binding contract between us, until a formal contract is prepared and executed;
- n) **Procuring Entity Not Bound to Accept:** We understand that you are not bound to accept the lowest evaluated cost Tender, the Best Evaluated Tender or any other Tender that you may receive; and
- o) **Fraud and Corruption:** We hereby certify that we have taken steps to ensure that no person acting for us or on our behalf engages in any type of Fraud and Corruption.
- p) **Code of Ethical Conduct:** We undertake to adhere by the Code of Ethics for Persons Participating in Public Procurement and Asset Disposal, copy available from \_\_\_\_\_ (*specify website*) during the procurement process and the execution of any resulting contract.
- q) **Collusive practices:** We hereby certify and confirm that the tender is genuine, non-collusive and made with the intention of accepting the contract if awarded. To this effect we have signed the “Certificate of Independent tender Determination” attached below.

- r) **Beneficial Ownership Information:** We commit to provide to the procuring entity the Beneficial Ownership Information in conformity with the Beneficial Ownership Disclosure Form upon receipt of notification of intention to enter into a contract in the event we are the successful tenderer in this subject procurement proceeding.
- s) We, the Tenderer, have duly completed, signed and stamped the following Forms as part of our Tender:
- a) Tenderer's Eligibility; Confidential Business Questionnaire – to establish we are not in any conflict of interest;
  - b) Certificate of Independent Tender Determination – to declare that we completed the tender without colluding with other tenderers;
  - c) Self-Declaration of the Tenderer – to declare that we will, if awarded a contract, not engage in any form of fraud and corruption; and
  - d) Declaration and Commitment to the Code of Ethics for Persons Participating in Public Procurement and Asset Disposal.

Further, we confirm that we have read and understood the full content and scope of fraud and corruption as informed in “**Appendix 1- Fraud and Corruption**” attached to the Form of Tender.

**Name of the tenderer:** *\*[insert complete name of the tenderer]*

**Name of the person duly authorized to sign the Tender on behalf of the tenderer:** *\*\*[insert complete name of person duly authorized to sign the Tender]*

**Title of the person signing the Tender:** *[insert complete title of the person signing the Tender]*

**Signature of the person named above:** *[insert signature of person whose name and capacity are shown above]* **Date signed** *[insert date of signing]* **day of** *[insert month]*, *[insert year]*

**\*:** In the case of the Tender submitted by a Joint Venture specify the name of the Joint Venture as tenderer.

**\*\*:** Person signing the Tender shall have the power of attorney given by the tenderer. The power of attorney shall be attached with the Tender Schedules.

## CERTIFICATE OF INDEPENDENT TENDER DETERMINATION

I, the undersigned, in submitting the accompanying Letter of Tender to the\_\_\_\_\_

*[Name of Procuring Entity]* for:\_\_\_\_\_

*[Name and number of tender]* in response to the request for tenders made by:\_\_\_\_\_

*[Name of Tenderer]* do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of\_\_\_\_\_

*[Name of Tenderer]* that:

1. I have read and I understand the contents of this Certificate;
2. I understand that the Tender will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am the authorized representative of the Tenderer with authority to sign this Certificate, and to submit the Tender on behalf of the Tenderer;
4. For the purposes of this Certificate and the Tender, I understand that the word “competitor” shall include any individual or organization, other than the Tenderer, whether or not affiliated with the Tenderer, who:
  - a) has been requested to submit a Tender in response to this request for tenders;
  - b) could potentially submit a tender in response to this request for tenders, based on their qualifications, abilities or experience;
5. The Tenderer discloses that [check one of the following, as applicable]:
  - a) The Tenderer has arrived at the Tender independently from, and without consultation, communication, agreement or arrangement with, any competitor;
  - b) the Tenderer has entered into consultations, communications, agreements or arrangements with one or more competitors regarding this request for tenders, and the Tenderer discloses, in the attached document(s), complete details thereof, including the names of the competitors and the nature of, and reasons for, such consultations, communications, agreements or arrangements;
6. In particular, without limiting the generality of paragraphs (5)(a) or (5)(b) above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
  - a) prices;
  - b) methods, factors or formulas used to calculate prices;
  - c) the intention or decision to submit, or not to submit, a tender; or
  - d) the submission of a tender which does not meet the specifications of the request for Tenders; except as specifically disclosed pursuant to paragraph (5)(b) above;
7. In addition, there has been no consultation, communication, agreement or arrangement with any competitor regarding the quality, quantity, specifications or delivery particulars of the works or services to which this request for tenders relates, except as specifically

authorized by the procuring authority or as specifically disclosed pursuant to paragraph (5)(b) above;

8. the terms of the Tender have not been, and will not be, knowingly disclosed by the Tenderer, directly or indirectly, to any competitor, prior to the date and time of the official tender opening, or of the awarding of the Contract, whichever comes first, unless otherwise required by law or as specifically disclosed pursuant to paragraph (5)(b) above.

## APPENDIX 1- FRAUD AND CORRUPTION

### 1. Purpose

- 1.1 The Government of Kenya's Anti-Corruption and Economic Crime laws and their sanction's policies and procedures, Public Procurement and Asset Disposal Act (*no. 33 of 2015*) and its Regulation, and any other Kenya's Acts or Regulations related to Fraud and Corruption, and similar offences, shall apply with respect to Public Procurement Processes and Contracts that are governed by the laws of Kenya.

### 2. Requirements

- 2.1 The Government of Kenya requires that all parties including Procuring Entities, Tenderers, (applicants/proposers), Consultants, Contractors and Suppliers; any Sub-contractors, Sub-consultants, Service providers or Suppliers; any Agents (whether declared or not); and any of their Personnel, involved and engaged in procurement under Kenya's Laws and Regulation, observe the highest standard of ethics during the procurement process, selection and contract execution of all contracts, and refrain from Fraud and Corruption and fully comply with Kenya's laws and Regulations as per paragraphs 1.1 above.
- 2.2 Kenya's public procurement and asset disposal act (*no. 33 of 2015*) under Section 66 describes rules to be followed and actions to be taken in dealing with Corrupt, Coercive, Obstructive, Collusive or Fraudulent practices, and Conflicts of Interest in procurement including consequences for offences committed. A few of the provisions noted below highlight Kenya's policy of no tolerance for such practices and behavior:
- 1) a person to whom this Act applies shall not be involved in any corrupt, coercive, obstructive, collusive or fraudulent practice; or conflicts of interest in any procurement or asset disposal proceeding;
  - 2) A person referred to under subsection (1) who contravenes the provisions of that subsection commits an offence;
  - 3) Without limiting the generality of the subsection (1) and (2), the person shall be—
    - a) disqualified from entering into a contract for a procurement or asset disposal proceeding; or
    - b) if a contract has already been entered into with the person, the contract shall be voidable;
  - 4) The voiding of a contract by the procuring entity under subsection (7) does not limit any legal remedy the procuring entity may have;
  - 5) An employee or agent of the procuring entity or a member of the Board or committee of the procuring entity who has a conflict of interest with respect to a procurement:-
    - a) shall not take part in the procurement proceedings;
    - b) shall not, after a procurement contract has been entered into, take part in any decision relating to the procurement or contract; and
    - c) shall not be a subcontractor for the bidder to whom was awarded contract, or a member of the group of bidders to whom the contract was awarded, but the subcontractor appointed shall meet all the requirements of this Act.
  - 6) An employee, agent or member described in subsection (1) who refrains from doing anything prohibited under that subsection, but for that subsection, would have been within his or her duties shall disclose the conflict of interest to the procuring entity;
  - 7) If a person contravenes subsection (1) with respect to a conflict of interest described in subsection (5)(a) and the contract is awarded to the person or his relative or to another person in whom one of them had a direct or indirect pecuniary interest, the contract shall be terminated and all costs incurred by the public entity shall be made good by the awarding officer. Etc.
- 2.3 In compliance with Kenya's laws, regulations and policies mentioned above, the Procuring Entity:

- a) Defines broadly, for the purposes of the above provisions, the terms set forth below as follows:
  - i) “corrupt practice” is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
  - ii) “fraudulent practice” is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
  - iii) “collusive practice” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
  - iv) “coercive practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
  - v) “obstructive practice” is:
    - deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede investigation by Public Procurement Regulatory Authority (PPRA) or any other appropriate authority appointed by Government of Kenya into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
    - acts intended to materially impede the exercise of the PPRA's or the appointed authority's inspection and audit rights provided for under paragraph 2.3 e. below.
- b) Defines more specifically, in accordance with the above procurement Act provisions set forth for fraudulent and collusive practices as follows:
 

"fraudulent practice" includes a misrepresentation of fact in order to influence a procurement or disposal process or the exercise of a contract to the detriment of the procuring entity or the tenderer or the contractor, and includes collusive practices amongst tenderers prior to or after tender submission designed to establish tender prices at artificial non-competitive levels and to deprive the procuring entity of the benefits of free and open competition.
- c) Rejects a proposal for award<sup>1</sup> of a contract if PPRA determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;
- d) Pursuant to the Kenya's above stated Acts and Regulations, may sanction or debar or recommend to appropriate authority (ies) for sanctioning and debarment of a firm or individual, as applicable under the Acts and Regulations;
- e) Requires that a clause be included in Tender documents and Request for Proposal documents requiring (i) Tenderers (applicants/proposers), Consultants, Contractors, and Suppliers, and their Sub-contractors, Sub-consultants, Service providers, Suppliers, Agents personnel, permit the PPRA or any other appropriate authority appointed by Government of Kenya to inspect<sup>2</sup> all accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the PPRA or any other appropriate authority appointed by Government of Kenya; and
- f) Pursuant to Section 62 of the above Act, requires Applicants/Tenderers to submit along with their Applications/Tenders/Proposals a “Self-Declaration Form” as included in the procurement document declaring that they and all parties involved in the procurement process and contract execution have not engaged/will not engage in any corrupt or

fraudulent practices.

**FORM OF TENDER SECURITY~[Option 1–Demand Bank Guarantee]**

**Beneficiary:**\_\_\_\_\_

**Request for Tenders No:**

\_\_\_\_\_  
**Date:**\_\_\_\_\_

**TENDER GUARANTEE No.:**\_\_\_\_\_

**Guarantor:** \_\_\_\_\_

1. We have been informed that \_\_\_\_\_ (here in after called "the Applicant") has submitted or will submit to the Beneficiary its Tender (here in after called" the Tender") for the execution of \_\_\_\_\_ under Request for Tenders No. ("the ITT").
2. Furthermore, we understand that, according to the Beneficiary's conditions, Tenders must be supported by a Tender guarantee.
3. At the request of the Applicant, we, as Guarantor, hereby irrevocably undertake to pay the Beneficiary any sum or sums not exceeding in total an amount of \_\_\_\_\_ ( ) upon receipt by us of the Beneficiary's complying demand, supported by the Beneficiary's statement, whether in the demand itself or a separate signed document accompanying or identifying the demand, stating that either the Applicant:
  - (a) has withdrawn its Tender during the period of Tender validity set forth in the Applicant's Letter of Tender ("the Tender Validity Period"), or any extension thereto provided by the Applicant; or
  - b) having been notified of the acceptance of its Tender by the Beneficiary during the Tender Validity Period or any extension there to provided by the Applicant, (i) has failed to execute the contract agreement, or (ii) has failed to furnish the Performance.
4. This guarantee will expire: (a) if the Applicant is the successful Tenderer, upon our receipt of copies of the contract agreement signed by the Applicant and the Performance Security and, or (b) if the Applicant is not the successful Tenderer, upon the earlier of (i) our receipt of a copy of the Beneficiary's notification to the Applicant of the results of the Tendering process; or (ii) thirty days after the end of the Tender Validity Period.
5. Consequently, any demand for payment under this guarantee must be received by us at the office indicated above on or before that date.

## FORMAT OF TENDER SECURITY [Option 2–Insurance Guarantee]

TENDER GUARANTEE No.: \_\_\_\_\_

1. Whereas ..... [*Name of the tenderer*] (hereinafter called “the tenderer”) has submitted its tender dated ..... [*Date of submission of tender*] for the ..... [*Name and/or description of the tender*] (hereinafter called “the Tender”) for the execution of \_\_\_\_\_ under Request for Tenders No. \_\_\_\_\_ (“the ITT”).
2. KNOW ALL PEOPLE by these presents that WE ..... of ..... [**Name of Insurance Company**] having our registered office at ..... (hereinafter called “the Guarantor”), are bound unto ..... [*Name of Procuring Entity*] (hereinafter called “the Procuring Entity”) in the sum of ..... (Currency and guarantee amount) for which payment well and truly to be made to the said Procuring Entity, the Guarantor binds itself, its successors and assigns, jointly and severally, firmly by these presents.

Sealed with the Common Seal of the said Guarantor this \_\_\_\_ day of \_\_\_\_\_ 20 \_\_\_\_.

3. NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that if the Applicant:
  - a) has withdrawn its Tender during the period of Tender validity set forth in the Principal's Letter of Tender (“the Tender Validity Period”), or any extension thereto provided by the Principal; or
  - b) having been notified of the acceptance of its Tender by the Procuring Entity during the Tender Validity Period or any extension thereto provided by the Principal; (i) failed to execute the Contract agreement; or (ii) has failed to furnish the Performance Security, in accordance with the Instructions to tenderers (“ITT”) of the Procuring Entity's Tendering document.

then the guarantee undertakes to immediately pay to the Procuring Entity up to the above amount upon receipt of the Procuring Entity's first written demand, without the Procuring Entity having to substantiate its demand, provided that in its demand the Procuring Entity shall state that the demand arises from the occurrence of any of the above events, specifying which event(s) has occurred.

4. This guarantee will expire: (a) if the Applicant is the successful Tenderer, upon our receipt of copies of the contract agreement signed by the Applicant and the Performance Security and, or (b) if the Applicant is not the successful Tenderer, upon the earlier of (i) our receipt of a copy of the Beneficiary's notification to the Applicant of the results of the Tendering process; or (ii) twenty-eight days after the end of the Tender Validity Period.
5. Consequently, any demand for payment under this guarantee must be received by us at the office indicated above on or before that date.

## FORM OF TENDER-SECURING DECLARATION

*[The Bidder shall complete this Form in accordance with the instructions indicated]*

Date:.....*[insert date (as day, month and year) of Tender Submission]*

Tender No.:..... *[Insert number of tendering process]*

To:.....*[insert complete name of*

*Purchaser]* I/We, the undersigned, declare that:

1. I/We understand that, according to your conditions, bids must be supported by a Tender-Securing Declaration.
2. I/We accept that I/we will automatically be suspended from being eligible for tendering in any contract with the Purchaser for the period of time of .....*[Two years]* starting on .....*[Closing date]*, if we are in breach of our obligation(s) under the bid conditions, because we – (a) have withdrawn our tender during the period of tender validity specified by us in the Tendering Data Sheet; or (b) having been notified of the acceptance of our Bid by the Purchaser during the period of bid validity, (i) fail or refuse to execute the Contract, if required, or (ii) fail or refuse to furnish the Performance Security, in accordance with the instructions to tenders.
3. I/We understand that this Tender Securing Declaration shall expire if we are not the successful Tenderer(s), upon the earlier of:
  - a) our receipt of a copy of your notification of the name of the successful Tenderer; or
  - b) thirty days after the expiration of our Tender.
4. I/We understand that if I am/we are/in a Joint Venture, the Tender Securing Declaration must be in the name of the Joint Venture that submits the bid, and the Joint Venture has not been legally constituted at the time of bidding, the Tender Securing Declaration shall be in the names of all future partners as named in the letter of intent.

Signed:.....

Capacity / title (director or partner or sole proprietor, etc.) .....  
.....

Name: .....

Duly authorized to sign the bid for and on behalf of: .....*[insert complete name of Tenderer]*.

Dated on ..... day of..... *[Insert date of signing]*.

Seal or stamp.

## MANUFACTURER'S AUTHORIZATION FORM

*[The tenderer shall require the Manufacturer to fill in this Form in accordance with the instructions indicated. This letter of authorization should be on the letterhead of the Manufacturer and should be signed by a person with the proper authority to sign documents that are binding on the Manufacturer. The tenderer shall include it in its Tender, if so indicated in the TDS.]*

Date:.....*[insert date (as day, month and year) of Tender submission]*

ITT No.:.....*[insert number of ITT process]*

Alternative No.:.....*[insert identification No if this is a Tender for an alternative]*

To: ..... *[Insert complete name of Procuring Entity]*

### WHEREAS

We..... *[insert complete name of Manufacturer]*, who are official manufacturers of.....*[insert type of goods manufactured]*, having factories at *[insert full address of Manufacturer's factories]*, do hereby authorize *[insert complete name of tenderer]* to submit a Tender the purpose of which is to provide the following Goods, manufactured by us..... *[insert name and or brief description of the Goods]*, and to subsequently negotiate and sign the Contract.

We hereby extend our full guarantee and warranty in accordance with Clause 28 of the General Conditions of Contract, with respect to the Goods offered by the above firm.

Signed:..... *[Insert signature(s) of authorized representative(s) of the Manufacturer]*

Name:.....*[Insert complete name(s) of authorized representative(s) of the Manufacturer]*

Title:..... *[Insert title]*

Dated on \_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_ *[insert date of signing]*

## **PART 2:      SUPPLY REQUIREMENTS**

---

## SECTION V - SCHEDULE OF REQUIREMENTS

### SECTION V

#### TECHNICAL SPECIFICATIONS

##### 1.0 INTRODUCTION

Olkaria IV power plant has two units, Unit 1 and Unit 2 each rated at 74.924MW. The power plant electrical services are organized based on three voltage level schemes; 11kV, 3.3kV, and 0.415kV. Appendix 1 shows the Single Line Diagram for Olkaria IV highlighting the 3.3kV Medium Voltage Switchgear which also supplies power to the 415V Low Voltage Switchgear and the associated auxiliary loads.

There is currently no provision for an auto-changeover scheme at the 3.3kV level which forces the operator to back-feed power from the grid to feed the 3.3kV loads in cases where any of the units are not generating power.

**This tender seeks to provide a fast transfer auto-changeover (tie) switchboard at the 3.3kV level interconnecting unit 1 and unit 2 to enable to feed from either unit the: 3.3kV and 415V auxiliary boards.**

**Similarly, the current 11/3.3kV unit main auxiliary transformer is rated 5.5MVA. These transformers shall be replaced with 11MVA transformers capable of supplying the loads for both units. This replacement will be done in phases and this tender seeks to replace Unit 1 transformer as specified in the technical specifications.**

##### 1.0 GENERAL INFORMATION

- A) The specifications in this tender describe the basic requirements for equipment. Tenderer is requested to submit with their offers the detailed specifications, drawings, catalogues, etc. for the products intended for supply. The bidder shall also factor in their bids any items not exclusively stated in this specification for purposes of completeness.
- B) All the ratings and capacities of the equipment to be supplied shall not be less than those required in these specifications. Deviations from the basic requirements, if any, shall be explained in detail in writing with the offer, with supporting data such as calculation sheets, etc. The procuring entity reserves the right to reject the products if such deviations shall be found critical to the use and operation of the products.
- C) The bidder shall avail all materials, labour, tools and equipment necessary for installation and commissioning works
- D) Olkaria is located 2000masl and in an area where high concentrations of H<sub>2</sub>S are present. All the electrical systems, cables, cable lags and terminations are required to be tinned to forestall effects of corrosion. This includes no exposed bare copper, silver, or cadmium materials. The ambient temperatures at Olkaria can go above 30°C
- E) Accommodation, transport, meals and all other living expenses during the installation and commissioning work for the bidder's employees shall be the responsibility of the bidder.
- F) It will be the bidder's responsibility to ensure safety of its personnel and equipment and every part thereof against risk of fire, explosion, accident, or other damage until the contract has been completed to the satisfaction of KenGen.
- G) The Contractor warrants that goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the Contract. The Contractor further warrants that all Goods supplied under this Contract shall have no defect, arising from design, materials, or workmanship or from any act or omission of the Contractor, that may develop under normal use of the supplied Goods in the conditions prevailing in the country of destination.
- H) There shall be Factory Acceptance Tests (FAT) for the switchboard and the transformer. The transformer FAT shall also incorporate training as detailed in the technical specifications. three

KenGen engineers shall witness the FAT and training for the transformer and another Five KenGen engineers shall witness the FAT for the switchboard. KenGen shall meet her staff and accommodation costs for the FATs while the contractor shall cover local transport in the country of manufacture and internal FAT costs.

- I) All text on documents provided by the Contractor shall be in the United Kingdom ENGLISH LANGUAGE ONLY. Technical
- J) Documentation written in any other language SHALL BE REJECTED and presumed not to have been submitted. All drawings and documents shall be dimensioned in millimetres.
- K) Other than IEC Other recognized national and international standards that are acceptable are:
  - American National Standards Institute -ANSI
  - International standardization organization – ISO
  - Japanese Industrial Standards – JIS
  - Japanese Electro-technical Commission – JEC
  - German DIN
- L) Symbols used for electrical equipment and components shall be in accordance with IEC 60617. The tenderer shall establish a coherent system for physical and functional reference designation in accordance with IEC61346
- M) All the final prices shall be indicated in the
- N) provided in section VI.

## **2.0 SUMMARY OF SCOPE OF WORKS**

The scope of works shall include but not be limited to the following: -

- 1. Design, manufacturing, factory testing, inspection, shipping, installation, testing and commissioning of 3.3kV Common Medium Voltage 3.3KV Switchgear to feed both Unit 1 and 2 3.3KV loads.
- 2. ALL CABLE works associated with the installation of the new transformer and 3.3KV switchboard. This includes but not limited to, the power cable from the new transformer to the switchgear, interfacing the existing switchboards to the newly installed common switchboard, any new control and protection wiring required including cables for interfacing control signals with DCS, amongst others. All cables, busbars, cable lugs, and termination blocks shall be tinned to minimize corrosion caused by H<sub>2</sub>S gas.
- 3. It is also inside the Scope of Supply:
  - Any civil works required.
  - Any Service for Erection, Installation, Commissioning and Test, up to Substantial Completion and Operation
  - Any Service needed for the Final Completion and for assistance during the Liability Period
  - All the spare parts and consumables needed during the commissioning and tests
  - All the special tools needed for maintenance.
  - Mandatory spare parts
  - Supply of all product's technical brochures, manuals, as built drawings & cable schedules, software & keys (if any)
  - Factory Acceptance Tests (FAT) for switchboard
  - Conduct site training after commissioning for the switchboard. The details of site training shall be submitted with the bid. This shall include the training content and the CV for the trainer.
  - The minimum training content shall cover, design and construction, Operations and maintenance including routine and special tests.
  - The trainer shall be approved by the Original Equipment manufacturer and his/her CV shall be submitted together with the bid document.

## **3.0 TECHNICAL REQUIREMENTS FOR 3.3KV COMMON SWITCHBOARD**

This schedule provides the technical specifications for design, manufacture, test in shop, delivery of the machinery, installation/erection, tests on site, inspection, and commissioning of a Common Service 3.3kv MV tie Switchboard for Olkaria IV Unit 1 and 2.

The tie switchboard at the 3.3kV level will provide an interconnection for unit 1 and unit 2 to enable to feed the loads of the two units from either unit in case of failure of one's unit 3.3kV supply or for cases where one unit has tripped.

The figure 7 below shows the basic concept for the design of the common switchboard. The contractor shall review the existing scheme from the SLD attached as Appendix 1 and provide a functioning solution to be adopted. The solution shall incorporate electrical interlocks and sync functions required to ensure safe and optimal operation of the tie circuit. The interconnecting breaker shall not close when both the feeder breakers from the auxiliary transformers are in closed position.

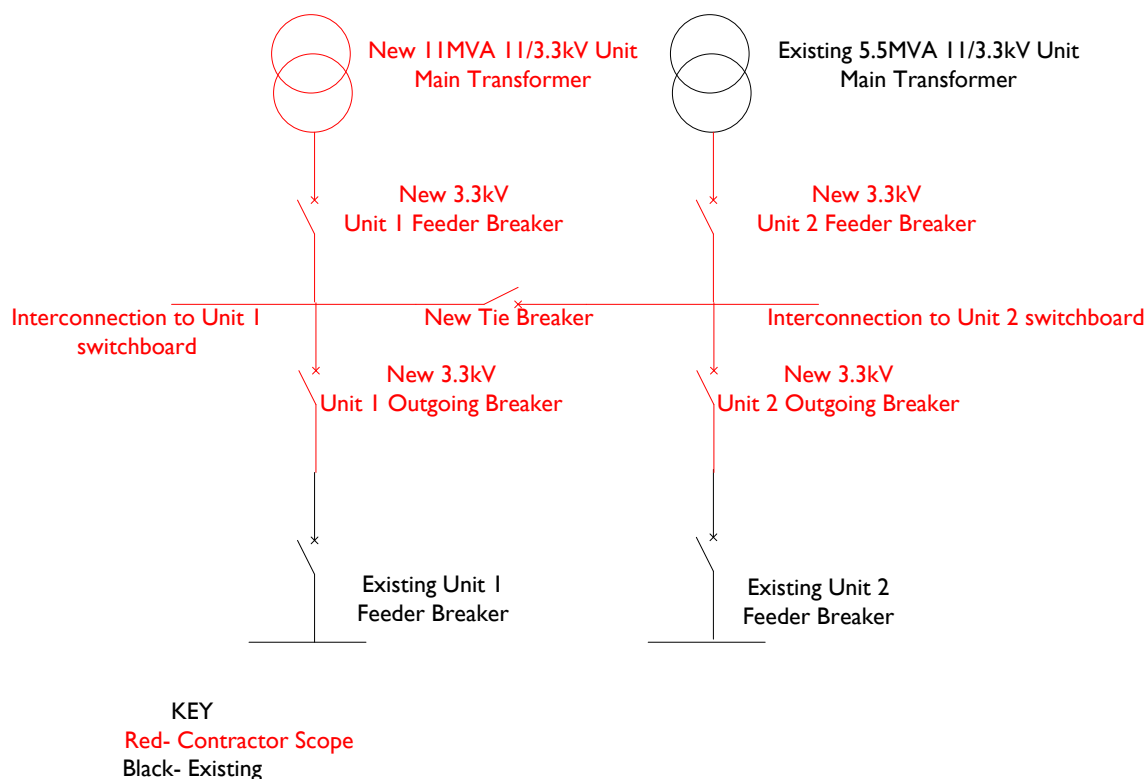

Figure 5-1 Basic Concept of 3.3kV switchgear upgrade

### 3.1 SCOPE OF SUPPLY

The scope of Supply shall include the following equipment:

- 3.3 kV common switchgear with vacuum circuit breakers. The design shall have a minimum of five (5) breaker panels; the contractor shall propose design and number of units based on the technical requirements. Each panel shall have a numerical protection relay with IEC 61850 protocol enabled.
- The Transformer incomer and Tie breakers shall have a synchronizing function. This will allow for bringing in the New and future transformer supplies and/also isolating/synching power from either transformer using the Tie breaker.
- Relevant metallic frames for installation on the floor;
- Special tools shall include, but not limited to:
  - One (1) trolley for circuit breaker removal/ insertion provided with wheels and hand operated elevating equipment.
  - One (1) manual operating device for introduction/extraction of CB inside the cell, for every switchgear.
- Spare Parts
  - The supply shall include all the equipment and devices not explicitly mentioned but necessary for the correct commissioning, operation and maintenance of the system.

All supplies, operating and Maintenance Manuals including name plates shall be in English.

### 3.2 DESIGN PARAMETERS

The switchgear shall be for indoor service of 3.3 kV, 3-phase, 50 Hz system which will be operated with neutral resistance earthed (300 A, 20 sec.). The highest operating voltage will not exceed 7.2 kV and the calculated maximum system fault preliminary level is 30 kA.

The switchgear shall be capable of sustaining without damage, the stresses produced under fault conditions up to and including the breaking capacity as before specified and with a corresponding making capacity as set out in IEC 62271-100.

The design of the switchgear shall be modular and expandable for future needs.

#### 3.2.1 Applicable Standards

The following are applicable standards,

- IEC 62271-1 High-voltage switchgear and controlgear - Part 1: Common specifications
- IEC 62271-200 High-voltage switchgear and controlgear - Part 200: AC metal-enclosed switchgear and controlgear for rated voltages above 1 kV and up to and including 52 kV
- IEC 62271-102 High-voltage switchgear and controlgear - Part 102: Alternating current disconnectors and earthing switches
- IEC 62271-100 High-voltage switchgear and controlgear - Part 100: Alternating current circuit-breakers
- IEC 60137 Insulated bushings for alternating voltages above 1000 V

IEC 60529 Degrees of protection provided by enclosures (IP Code)

### 3.3 CONSTRUCTION

#### 3.3.1 Switchboard

- a) The switchboards shall be of the single busbar, floor mounted metal clad, air tight, air insulated type with withdrawable SF6, air, or vacuum Circuit Breakers CBs and operated by motor charged spring means. The degree of protection shall be IP 41. The panels shall be internal arc proof tested and classified AFLR as per IEC 62271-200 or equivalent standard.
- b) All major components in each panel, such as bus bars, cable terminations, circuit breakers and low voltage (LV) control circuits shall be separated in metal enclosed compartments. It shall be possible to safely carry out work on an individual or future panel including main, control and auxiliary cables, when isolated and busbar shutters padlocked closed, with the remainder of the switchgear and control-gear live without danger from contact with live parts.
- c) The metal clad switchboard shall be self-supporting, free standing and floor mounted cubicle type of steel construction. The thickness of steel shall not be less than 2 mm. The ventilated apertures shall be vermin proof, fitted with screens suitable for geothermal environment.
- d) Switchgear cubicles shall be placed in air-ventilated room, preferably protected with H2S filters. Doors and openings shall be sealed and provision shall be made for ensuring that the cubicles will remain airtight after components have been removed for service. Contractor must provide full details of the arrangements made for maintaining the controlled air ingress inside the switchboard giving particular attention to facilities provided for maintenance.
- e) Incoming and bus section units shall be provided with lockable handles and the key for each of these locks shall be different from all the other keys provided. The cubicles, however, shall be able to be opened by a master key, which opens every cubicle on each board. Four copies of each key and of the master key shall be provided. A lockable wall mounted key cabinet with a glass front shall be provided for each board.

- f) Compartment doors and covers shall be interlocked to prevent opening when the isolating device is in the “ON” position. The isolating device shall operate only when the door is fully closed, and the withdrawable unit is in the fully in “Connected” position.
- g) Each switchgear cubicle shall have a thermostatically controlled heater unit fitted, of adequate size to prevent condensation in the site conditions and suitable for operation on 240 Vac supply.
- h) All Protection Relays, CB motor spring charger and trip and opening coils shall be fed from 110 Vdc.
- i) All Control Logics inside Auxiliary Cells shall be fed from UPS, KenGen shall provide UPS and contractor shall be responsible of ALL control wiring required.
- j) Single external 240 Vac, 110 Vdc, UPS and internal distribution to single cubicles shall be provided by KenGen. Contractor shall carry out all the wiring required and supply the MCBs to be used for connection to the external sources. The contractor shall not utilize the existing spare MCBs reserved for future use in any of the existing distribution panels and instead shall provide new ones.
- k) All materials used shall be fire resistant.
- l) Access to the switchgear components shall be from the front of the panels.
- m) The Contractor shall provide all necessary cable gland plates and terminals for the switchboard.
- n) The switchgear shall be provided with suitable window to allow thermal imaging for temperature monitoring of busbars and terminations.
- o) Cable entry shall be from bottom.

### 3.3.2 Busbars

- a) The busbars shall be of Aluminium or tinned copper conductor, rigidly supported and fully insulated throughout their lengths, including tee-off connections and joints between adjacent busbar chambers. The horizontal busbars are to be fully rated throughout. Current main tinned copper 3.3KV busbars are 2sheets x 80mm\*10t rated 2000A, feeder connection bus-bars are 1sheet\*60mm\*10t rated 630A, and the Ground bus is 1sheet\*30mm\*10t rated 200A
- b) The busbars are to be completely enclosed in an earthed metal chamber.
- c) If removable panels are fitted to give access to the busbar chamber, the removal of these panels must not give access to any circuits that may be electrically energized from their remote ends.
- d) No small wiring or other equipment shall be mounted in the busbar chamber.
- e) Busbar joints and connections shall be made adopting high-tensile bolts, nuts and washers. Provision shall be made for access so that maintenance of the joints is possible.
- f) Provision for openings with personnel protection windows in the busbar containment chamber aimed to allow infrared inspection, and test certificates of the panel, shall be included in the bid as an option if possible.
- g) The Contractor shall submit the equipment ratings for all the MV switchgear for approval by KenGen.

### 3.3.3 Safety Shutter Devices

- a) A set of safety shutters shall be provided to cover each three-phase group of stationary isolating contacts.
- b) Safety shutters shall open and close automatically on insertion or withdrawal of the circuit breaker or voltage transformer.
- c) To facilitate testing, a device shall be provided for temporary securing (but not padlocking) the shutters in an open position and subsequently for releasing them to the closed position.
- d) Busbar shutters shall be painted signal red and fitted with labels inscribed “BUSBARS” in white lettering on red background.

### 3.3.4 Vacuum Circuit Breakers

The circuit breakers shall be of the vacuum break type, robust and compact design suitable for indoor mounting and shall comply with the requirement of IEC 60947

General specifications:

1. VCB shall comply with standards IS/IEC 60947
2. VCB shall be of 3 pole, with voltage release, shunt trip coil, closing coil, spring charged motor 110V ac/dc, 5NO +5NC auxiliary contacts molded case design for longer life along with less maintenance requirement
3. All the VCBs shall be capable of being both manually and electrically spring charged, and shall have counter indication number of operations.
4. VCB shall have minimum Mechanical life of 20000 operations
5. The operating mechanism of VCB shall be of the Open/Closed/Open stored-energy spring type. The closing time shall be less than or equal to 70ms, and of fast opening type with break time of breaker should be at most 50 milli seconds
6. Shunt trip and closing coil (having common AC/DC supply up to 250V) shall be continuous rated.
7. The trip unit technology shall be electronic
8. Auxiliary contacts, available to be used for indication and interlocking, rated at minimum 10A 240/380V 50 Hz and shall be wired on chassis/cradle. There should be facility to add one more set of contacts if required.
9. All circuit breakers shall be rated in accordance with IEC 62271-100.
10. All circuit breakers shall be identical in arrangement and only those of the same current rating shall be interchangeable. Closing mechanisms shall be of the trip free type, with closing and tripping coils suitable for 110 V DC.
11. Closing and tripping circuits shall be capable of satisfactory operation within the limits of auxiliary supply voltage and shall be capable of satisfactory operation down to 80% of the rated voltage.
12. Each circuit breaker shall be fitted with an operation counter.
13. In the case of stored energy pattern mechanisms, provision shall be made for electrical and manual release of the closing springs.
14. Each circuit breaker shall be fitted with a shunt trip coil and a mechanical tripping device.
15. Trip coils and the operating coils of closing contactors shall be wired in series with circuit breaker auxiliary contacts arranged so that the supply to these coils is automatically cut off on completion of successful operation.
16. A timing device shall be fitted to prevent anti-pumping .
17. With regard to the circuit breakers supplying motors the Contractor shall show evidence that circuit breakers will not cause wave chopping greater than motors manufactured to IEC 60034-1 (or equivalent standard) can tolerate.
18. All circuit breakers shall be provided with control and auxiliary switches as necessary including normally open (N/O) and normally closed (N/C) SPST contact, for remote alarm purposes plus other spare auxiliary switches as on the data sheets. SPDT contacts not accepted. All spare switches and contacts shall be wired to terminal blocks.

#### **Safety:**

- i. The VCBs shall be supplied complete with a cassette/chassis. The assembly shall be such that the Cassette/chassis is permanently bolted to the busbar. This arrangement shall therefore make it possible to draw-in/out the VCB for isolation and maintenance purposes.
- ii. The VCB shall have three intermediary positions 'Connected', 'Test', 'Disconnected'. There shall an indicator on the VCB showing the current position. Limit switches embedded between the VCB and Chassis shall be extended to indicate the current position of the breaker using respective LEDs.
- iii. All the mechanical interlocks for safety in the existing switchgear/switchboard must be maintained.
- iv. The racking handle of the breaker shall be stored on the air circuit breaker in such a manner as to be accessible without defeating the door interlocking.

### 3.3.5 Switchboard Circuit Breaker Isolation

- a) Each circuit breaker together with its auxiliary switches and operating mechanism shall be arranged on a withdrawable carriage to permit full accessibility for maintenance purpose and for isolating the circuit.
- b) The circuit breaker carriage shall remain within the confines of the cubicle when it is in service or in isolated positions.
- c) All interlock mechanisms shall be mechanical and when manually operated they shall be clearly labelled. Interlocks shall be provided to prevent the following operations:
  - i. When the VCB is closed, it shall not be rackable
  - ii. The CB cannot be closed, unless correctly located in service or Test position, or when the earth switch is on,
  - iii. The CB shall not be closed in service position without the auxiliary circuit's connections between the fixed and moving parts.
  - iv. While in "Test" Position with main MV contacts shall be disconnected and all auxiliary contacts still connected.
  - v. Interlocks shall be arranged so that when in the "Isolated" position all supplies to the circuit breaker carriage is disconnected automatically.
- d) A local/off/remote selector switch shall be provided with the following characteristics:
  - "Local command" Operation from Switchgear front panel
  - "Remote command" Operation can only be done from DCS
  - "Off position" breaker control shall be disabled
- e) The Carriage Limit Switch shall be operated by the CB carriage. The Carriage Limit Switch shall operate motor anti-condensation heaters, control interlocking and remote indicators to show when the circuit breaker is in "service", "test" or in "isolated" position.
- f) The circuit breaker carriage shall be equipped with suitable wheels for movement on normal floor surfaces and also to act as guides in conjunction with suitable alignment rails.
- g) An appropriate CB lifting device of suitable cross-section and, if necessary, Steel ramps of robust construction shall be provided for the movement of the carriage into and out of the stationary part of the cubicle.
- h) Plugging or scraping contacts shall be provided to guarantee an adequate connection of the metalwork of the circuit breaker carriage to the switchboard earth bar.

### 3.3.6 Switchboard and Auxiliary Switches

- a) Panel Rating; The panels are vermin proof and dust and protected to IP 54 classification.
- b) Form factor shall be form 4b.
- c) Paint color shall be RAL 7032.
- d) Mechanical Interlocks; Each door shall be interlocked with breaker so that it cannot be opened with the VCB closed. It shall also not be possible to close the VCB with door open. A mechanical interlock shall be provided to prevent the VCB from withdrawal until the power circuit is interrupted.
- e) Each compartment is provided with a locking mechanism, and a 3-position indicator of Service, Test and Disconnected.
- f) All spare switches are to be wired out to the terminal board in the panel. Auxiliary relays in place of auxiliary switches will not be accepted unless specifically approved by the Employer.
- g) Auxiliary switches shall be rated in accordance with their duty.
- h) Spare switches shall be provided and included in the spare part list and they shall have several current ratings and they shall not be rated less than 10 A.

### 3.3.7 Earthing

- a) Approved means shall be provided with an earthing facility for incoming, outgoing circuits and the busbars.
- b) Tin-plated copper earthing busbar (running at the base of the panels) . The metal cases of all devices and equipment shall be connected to the earth bars with green/yellow insulated copper conductors of minimum 2.5 mm<sup>2</sup> cross-section area.
- c) Documentation relevant to test certificates proving that the earthing device fully complies with all the tests prescribed in IEC 62271-102 (or its equivalent) shall be submitted.
- d) Earthing devices shall be fitted with a mechanically operated position indicator which is clearly visible without removal of cubicle panels or covers.
- e) The earthing switch shall be interlocked by key or mechanical features to prevent:
  - Closing of the earthing switch if the power source is present.
  - CB to be energized if it's earthing switch is closed.
- f) The earthing switch shall be capable of being padlocked in the closed position.

### 3.3.8 Instrument Transformers

All current and voltage transformers shall be mounted on the stationary portion of the switchgear units.

#### a) Voltage Transformers

Voltage transformers shall be of the core type, epoxy resin encapsulated, single or 3 phase and shall comply with IEC 60186.

The Voltage Transformers shall be supplied complete with HV and LV miniature CB, limiting resistance, isolating safety shutters.

Voltage transformers shall be provided with primary and secondary plug isolation including means for withdrawing the VT without operating or removing the breaker and for locking in the service and isolated positions.

#### b) Current Transformers

Both leads of all current transformers shall be connected to terminals in the instrument panel where any neutral point shall be made off. Provision shall be made for primary injection testing at the current transformer chamber

### 3.3.9 Circuit Ratings

Correct rating, including current transformer ratios and instrument scales, shall be confirmed or updated by Contractor during the engineering phase.

### 3.3.10 Cabling Compartment

Adequate space shall be allowed for terminating multicore cables and high section single-core cables.

The control and instrumentation cabling terminations shall be arranged in such a manner that access can be obtained without removing any covers that would permit access to high voltage main connections.

### Switchboard Circuit Controls

Each auxiliary circuit shall have a local-off-remote selector switch mounted on the appropriate switchboard. In the local position the circuit shall be controlled from the switchboard while in the remote position the circuit shall be controlled from the DCS.

The contractor shall finalize the logic diagram and submit it to the KenGen for approval.

### 3.3.11 Protection Relays

The contractor shall supply numerical protection relay for each board. All protection and auxiliary relays required for the 3.3 kV switchboards shall be in full compliance with applicable IEC 60255 (or equivalent standard) Standards.

- a) For Transformer feeding cells the following Protection functions / codes shall be provided as minimum:
  - 50 Instantaneous Overcurrent Protection
  - 51 Time delayed Overcurrent Protection
  - 50G Instantaneous Ground Protection
  - 86 Lock-out Relay (to summarize all tripping protection actions)

- 49W Trafo winding over-temperature (Alarm)
- 87T Transformer Differential

b) For Incoming Line cells the following Protection functions / codes shall be provided

- 50 Instantaneous Overcurrent Protection
- 51 Time delayed Overcurrent Protection
- 67N Directional Ground Protection
- 51N Time Delayed Ground Protection
- 86 Lock-out Relay (to summarize all tripping protection actions)
- 27 Bus Undervoltage Protection

Under voltage bus relays shall be provided for alarm.

**Measurement function:** 3 phase current, voltage, apparent power, active power, reactive power, energy, active energy, frequency, power factor.

**Condition monitoring:** Internal relay fault, trip circuit supervision, breaker condition monitoring.

#### 3.3.12 Indicating Lights

All the necessary Indicating lights shall be provided for each circuit. Moreover, phase-alive-lights (red, yellow and blue) test, service, fault shall be provided.

#### 3.3.13 Ammeters

Three phase ammeters and their associated selector switches shall be provided for the indication of the feeder current.

#### 3.3.14 Fault Level Limitations and Interlocks

To limit the fault-level on the 3.3kV switchboards, the parallel supply from multiple generating units will be limited to short-period of time (short duration parallel operation) only to allow the load transfer. Continuous parallel operation shall be avoided adopting interlocks to prevent parallel of electrical sources.

The interlock shall be safe, and its override (in any mode of operation) shall not be possible.

#### 3.3.15 Earthing Bar

A suitably sized metallic earth bar rated for maximum earth fault current (300 A for 20 sec.) shall be installed along the full length of the board, with provision for earth cable connections at each end.

All metallic non-current carrying parts of the switchboard shall be effectively connected to the Earthing Bar. Where frame leakage protection is specified, a separate insulated bus bar shall be also required.

### 3.4 INTEGRATION TO DCS

The contractor shall avail the following analogue and digital points to the respective identified DCS marshalling cabinets.

- Close command coming from the DCS for installed circuit breakers
- Open command coming from the DCS for installed circuit breakers
- Status of installed breakers (Closed/Open)
- Local/Remote Signals
- Test/Service
- Metering (ABB Relays). The existing switchboards use ABB relays for metering via IEC 61850 protocol. The contractor shall provide and configure relays for metering using the same protocol. The contractor is responsible for all design, configuration, cabling works, switches, and commissioning of the new switchboards voltage and current metering.

The DCS marshalling cabinets are located on the first floor in the relay room. The employer will be responsible for the creating the graphics and on the DCS system.

### 3.5 DOCUMENTATION

The supply documentation shall be defined in detail in the Design Plan and Schedule prepared by the Supplier in bid. All Design Plans and Schedules shall be in English.

The bidder shall supply the following with his bid:

- Brand name with relevant brochures and catalogues for all the supplied equipment.

- Preliminary layout of Panels.

The following shall be supplied after the order;

- Final equipment layout with front panel details.
- Floor fixing details and bottom openings
- Functional scheme.
- I/O list.
- Protection and metering setting.
- Internal wiring scheme.
- Floor fixing details and bottom openings
- Interlock operating sequence
- Test procedure according to relevant IEC.
- Instruction Manuals
- Spare part list

All drawings made special for this project shall be compiled on a computer aided drawing system and as part of the as built documentation be handed over on a CD with a format readable in latest version of AutoCAD and in any another editable format to be agreed upon and pdf in addition to the paper copies.

### 3.6 TESTS

A summary of the test shall include but not limited to:

- Visual inspection and check
- Mechanical sequence operations
- Cabling check
- Mechanical interlock tests
- Synchronizing checks
- Electrical sequence operations
- Power frequency withstand voltage
- Measurement of the resistance of the main circuits
- Secondary insulation test
- Internal arc capability

The following tests shall also be required:

- a) Factory Inspection at 60-70% assembly stage
- b) Inspection of complete assembled equipment which shall include:
  - Standard 50 Hz high voltage tests shall be carried out on the complete assembly at specified voltage and for specified duration. The insulation resistance shall be measured before and after the high potential test and shall not be less than 100 MΩ in dry conditions. Current transformers shall be left connected for this test. Voltage transformers may be disconnected for this test, but shall be subjected to individual tests, as covered by IEC 60056-4, IEC 60068, IEC 60157, IEC 60408 and IEC as appropriate.
  - Standard 50 Hz insulation test on all small wiring, including switchboard and instrumentation transformer secondary wiring, at 2000 volts to ground for one minute. Where electronic auxiliary or control circuits are used, different testing procedures may be adopted subject to agreement with the KenGen engineer.
  - Continuity and polarity tests
  - Check for electrical and mechanical interlocks.
  - Interchangeability of removable elements of corresponding rating such as circuit breakers, etc.
  - Mechanical operation of circuit breakers, draw out mechanism, interlocks, auxiliary switches, manual devices, etc.
  - Air-tightness of enclosures;

- Type tests for temperature rise, short time withstand current, and voltage withstand. If records exist for these tests on comparable equipment these may be accepted instead of further type tests
  - Inspection of complete assembly against appropriate drawings.
- c) Specific tests for circuit breakers, isolators, isolating switches, contactors and other similar components which shall include:
- Resistance measurement of the operating coils on each component (where applicable)
  - Determination of minimum control voltage at which each component (where applicable) will trip or close successfully.
  - Determination of maximum control voltage the operating coil will withstand.
  - Measurement of current at minimum and normal control voltage impressed on the operating coils.
  - Determination of speed of opening and closing operations.
- d) Specific Tests for Instrument Transformers
- Tests on current and voltage transformers shall be in accordance with standard production tests covered with IEC 60185 and 60186. Test certificates and magnetization curve shall be submitted for each transformers.
- e) Specific Tests for Grounding Devices
- Grounding devices shall be tested to show that they fully comply with the specified requirements
  - One grounding device of each type and rating shall be given a through fault current type test corresponding to the short time withstand current rating of the associated switchgear equipment. The proposed connection to the main ground bar shall be included in the test
- f) Functional Tests on all protection relays.

Upon delivery, Site Acceptance Tests and Commissioning Tests shall be conducted by the contractor in the presence of KenGen engineers for KenGen's approval and sign off.

#### 4.0 TECHNICAL EVALUATION FOR 3.3KV SWITCHGEAR

| No. | DESCRIPTION   | REQUIREMENT  | BIDDERS OFFER/COMMENT |
|-----|---|--|-----------------------|
| 1.  | Construction, Form Factor                           | As per specifications  |                       |
| 2.  | Type/ Brand of Switchgear and VCBs                  | To be submitted with offer   |                       |
| 3.  | Busbar  | All Bus bars shall be made from tinned copper and shrouded with a sleeves and per specifications |                       |
| 4.  | Power and control cables                            | Shall be as per specifications   |                       |
| 5.  | Mechanical interlocks                               | As per specifications  |                       |
| 6.  | Electrical Interlocks                               | As per specifications  |                       |
| 7.  | Submittals  | To be provided as per specifications   |                       |
| 8.  | Brochures for each component within the Switchboard | To be submitted with offer   |                       |

| No. | DESCRIPTION  | REQUIREMENT                    | BIDDERS OFFER/COMMENT |
|-----|--|--------------------------------|-----------------------|
| 9.  | Manufactures authorization for VCBs, MCBs, contactors, overload relays | Attach a traceable recent copy |                       |
| 10. | Numerical Protection Relays  | To be submitted with offer     |                       |
| 11. | Internal Arc Protection  | As per specifications, kA      |                       |
| 12. | Switchgear Dimensions,mm (WXHxD))                                      | To be submitted with offer     |                       |
| 13. | Total amount/number of columns   | To be submitted with offer     |                       |
| 14. | CT Specifications  | To be submitted with offer     |                       |
| 15. | VT Specifications  | To be submitted with offer     |                       |
| 16. | Ventilation Method   | To be submitted with offer     |                       |

## 5.0 TECHNICAL SPECIFICATION OF POWER CABLE AND CONTROL CABLES

### 5.1 Power Cables

Cable material and construction shall be suitable for storage, installation and operation in climatic conditions stated in Geothermal Operations that have H<sub>2</sub>S.

The MV power cables shall have the following characteristics:

| Type      | Vn (kV) | Conductor Material | Type of Insulation              | Maximum Voltage Um | Code                 |
|-----------|---------|--------------------|---------------------------------|--------------------|----------------------|
| MV cables | 3.3     | Copper             | ethylene propylene rubber (EPR) | 12 kV              | RG7H1(O)R<br>6/10 kV |

Conductors shall be plain annealed stranded copper or aluminum conductors conforming to IEC 60228 Class 2. Conductor and insulation screening are required for all cables. The magnitude of the discharge during the partial discharge test shall not be higher than 5 pC at 1.5 U<sub>0</sub>.

Cable shall meet the flame retardance test specified in IEC 60332

- **Conductor screen**

Conductor strand screen shall be an extruded semiconducting layer compatible with the insulation, and shall have an allowable operating temperature equal to that of the insulation.

A non-metallic semiconducting tape shield is not acceptable. The conductor screen shall be easily removable from the conductor without leaving any residue.

The conductor screen shall bond to the insulation.

- **Insulation screen**

Non-metallic part of the insulation screen shall consist of an extruded semiconducting layer applied directly over the insulation.

Insulation screen shall be easily stripped leaving no residue on the insulation surface. Insulation screen shall bond to the insulation.

Extruded semiconducting conductor shield, the insulation, and the semiconducting insulation shield shall be applied by simultaneous triple extrusion. Steam curing is not acceptable for XLPE insulated cable.

Metallic part of the insulation screen (shield) shall consist of a nonmagnetic copper tape helically applied separately over each of the semiconductor-shielded, insulated conductors.

Copper tape shall be a minimum of 0.125 mm (5 mil) thickness, applied with a minimum of 20 percent overlap. In addition, when XLPE insulation is utilized, a water blocking (swellable) tape with minimum 15 percent overlap shall be helically applied over the metallic shield.

- **Sheath**

Cables shall have a flame retardant and termite resistant PVC jacket. The material for the cable jacket shall be extruded directly onto the surface to be covered. Cable jacket shall be continuous, homogeneous, voidless, seamless, and free of foreign material.

The outer sheath (jacket) shall be sunlight (UV) resistant and oil resistant.

- **Cable Sizing**

The criterion adopted for cable sizing purposes is such as to be able to guarantee the protection of conductors against overload currents. Cable sizing shall comply with several applicable IEC Standards and shall take into account ambient temperature, continuous operating load, non-continuous loads, spare loads, future loads, conduit fill, tray fill, tray covers, and other factors that may influence the allowable current rating.

Starting from the rated current “In” of a cable, the real carrying capacity is calculated as follows:

$$I_{z\ min} = \frac{I_n}{k}$$

where the purpose of coefficient “k” is to downgrade the cable, taking the following factors into account:

- Type of conductor material
- Type of cable insulation
- Number of conductors nearby, including any parallels
- Possible further downgrading decided by the user.

For directly buried cables, the carrying capacity shall be evaluated adopting a value for the thermal resistivity of 2.5 K m/W.

For any other specification or rule related to carrying capacity calculations, the IEC 60502-2 standard has to be adopted for MV cables.

## **5.2 Control Cables**

Cable material shall be suitable for geothermal operations,. The cables used shall have copper conductors which shall be tin plated where exposed and conforming to the requirements of IEC 60228. The cable lags shall also be tinned.

The conductors shall be plain annealed circular stranded copper conforming to IEC 60228 Class 2.

Single conductor cables shall be insulated with cross-linked polyethylene (XLPE) insulation extruded directly over the copper conductors or ethylene propylene rubber (EPR).

The cable construction shall be in accordance with IEC 60502.

Multiconductor cables insulated with cross-linked polyethylene (XLPE), shall have a flame retardant and termite resistant PVC jacket. The material for the cable jacket shall be extruded directly onto the surface to be covered. The cable jacket shall be continuous, homogeneous, void less, seamless, and free of foreign material. Cable shall conform to flame retardance test in accordance with IEC 60332-3-(series). The insulation shall be of Cross-Linked Polyethylene (XLPE).

The cables shall be armored with galvanized steel wire.

All control panel wiring, secondary control wiring in circuit breakers shall be carried out in a neat and similar obtain free circulation of air. In all cases the sequence of the wiring terminals shall be such that the junction between multi-core cables and the terminals is affected without cross-over.

Terminating washers shall be used to eliminate all frayed wiring. Insulating bushes shall be provided where necessary to prevent the chafing of wiring and conduit ends shall be carefully de-burred after being out.

Wiring diagrams shall indicate wire color and marking which shall comply with the requirements of IEC 60446 and IEC 60391.

All wires shall be fitted with numbered ferrules at each termination. At points of interconnection between wiring, where a change of numbering cannot be avoided, double ferrules shall be provided. Such points shall be clearly indicated on the wiring diagram. The ferrules on all wiring directly connected to circuit-breaker trip coils, tripping switches, etc., shall be of a color, preferably red, different from that of the remainder and marked "trip".

No wires shall be teed or jointed between terminal points.

The following routine tests shall be performed as minimum:

- DC conductor resistance test
- Insulation resistance test
- High Voltage test (Hi Pot)

Material and workmanship shall be subject to inspection and testing after delivery to the site by the relevant KenGen team. In case any cables are found to be defective in material or workmanship, or otherwise not in conformance with the requirements of this specification, will be subject to rejection.

Finished cable shall be identified by embossing the following identifications on cable external surface at less than 1 m intervals longitudinally:

- Year of manufacture
- Number of cores and size
- Rated voltage and cable description

All power and control cables shall be tagged appropriately on a printed weatherproof tag as per existing convention used on the other 3.3kV switchboards.

### **5.3 Terminal Blocks**

All metal parts that compose the terminal block must be protected with nickel-plating or chrome plating of heavy depth.

The numbering tags or other means used to identify the terminal blocks must be so realized so that the oxidizing action of the hydrogen sulphide does not bring about changes in their color, or cancellations.

The materials making up the terminal blocks and the separator partitions must be such as not to propagate flames.

All terminal blocks shall be mounted in accessible positions and, when in enclosed cubicles, shall be inclined towards the door and mounted on stand offs at least 25 mm high, or sufficient to give access to both sides of the block. Spacing of adjacent terminal boards shall be not less than 100 mm and the bottom of each board shall be not less than 200 mm above the incoming cable gland plate. Separate studs shall be provided on each terminal strip for the cores of incoming and outgoing cables and including all spare cores plus 25% spare terminals. Wiring to each relay shall be from the cubicle terminal, looping from relay to relay is not permitted.

240 V AC circuits shall be segregated from other circuit and their terminals shall be fitted with non-inflammable transparent plastic covers to prevent accidental contact with live parts.

They shall have warning labels, with red lettering mounted thereon in a conspicuous position. Circuit terminals of 110 V DC shall also be segregated and their terminals fitted with similar covers and warning labels.

All connections shall be made at the front of the terminal boards and no live metal shall be exposed at the back of the terminals.

#### 5.4 Fuses and Miniature Circuit Breakers

Fuse shall only be used for the MV Voltage Transformer (VT) while for all other application only Miniature Circuit Breaker (MCB) shall be used.

All MCB associated with electrical control circuits shall be grouped, as far as possible, according to their functions. They shall be clearly labelled both on the panels and the associated wiring diagrams.

For DC circuits MCB is required on both poles. Carriers and bases for all circuit-breaker control circuits shall be colored red and for all other circuit black. Link carriers and bases shall be white.

#### 9.5 TESTS

Routine insulation tests shall be made and recorded on all cables, joints and sealing ends etc.

- HV DC high potential tests shall be made between conductors and between conductors and sheath on cables operating at and above 3.3 kV. The test shall be twice the rated rms voltage plus 2 kV for 15 minutes. Insulation resistance shall be measured before and after testing. HV test shall also be made between metallic sheath and earth.
- 1000 V insulation tests shall be made on dc power supplies cables
- 500 V insulation tests shall be applied between all cores and earth on all multicore cables.
- On terminations with insulated glands (single core cables) a 1000 V insulation test shall be carried out between armour and/or sheath and earth.

#### 6.0 CABLES TECHNICAL EVALUATION SCHEDULE

| ITEM | DESCRIPTION  | REQUIREMENT                | BIDDERS OFFER/COMMENT<br>(INDICATE REFERENCE PAGE IN BID) |
|------|--|----------------------------|---|
| 1.   | Attach Power Cable Brochure showing; Brand name, cable size etc  | To be submitted with offer |   |
| 2.   | Attach control cable brochure; shall show brand name, armored cable, tinned copper, conductor, and XLPE insulation | To be submitted with offer |   |

#### 7.0 SUBMITTALS

##### i. Reviews and approvals

Before starting manufacture of the switchgear and the transformer, dimensioned drawings, bill of quantities, schematics and manuals, showing all significant details of the equipment and materials to be used shall be submitted to the Client for review and approval.

Approval of the Contractor's drawings and submittals shall in no way construe or imply relief of the Contractor from responsibility for any error or omission therein or from any obligation under the Contract.

##### ii. Project Work Programme & design drawings

Within two weeks after the Date of tender award, the work schedule shall be prepared in the form of a Critical Path Method Network, covering the design inclusive of detailed single and multi-line drawings, manufacture, delivery, installation, testing and commissioning of the Works, in sufficient detail defining the various sections of the Works, including parts to be supplied by the Contractor. The programme shall be prepared by the Contractor and shall be submitted to the Client for approval.

In executing the Approved Construction Programme of this Contract, the Contractor shall co-operate with the Client in order to effect the timely completion of the works as a whole.

NB: The multi-line drawings shall have component data, rating, terminal cable labelling, cross-referencing

### **iii. Operating and Instruction Manuals**

All manuals shall be written in English language.

A set of three of each manual/report/drawings shall be handed over after commissioning

They shall consist of

- (a) As Built Drawings and Commissioning test report (to be submitted 2 month after commissioning)
- (b) Factory test report
- (c) Complete installation, operating and maintenance instructions manuals for all the equipment/switchgear
- (d) Overall operating/design philosophy

NB: A Factory Acceptance Test (FAT) for the cables shall be witnessed by KenGen engineers.

### **8.0 MANDATORY SITE VISIT**

There shall be a mandatory site visit for all bidders at Olkaria IV power station before bidding to familiarize with the scope of works. The dates are as given in Section 1: Invitation to Tender.

### **JOB SAFETY ANALYSIS REPORT~ JSA**

To ensure safety during site installation, testing and commissioning, the bidder shall Submit a duly filled Job Safety Analysis (JSA) duly prepared by a licensed Directorate of Occupational Safety and Health (DOSH) Services Officer.

### **WORKS METHOD STATEMENT**

The bidders shall submit a detailed and logical work method statement to define how the works shall be executed once awarded. It should touch on all aspects during execution of the works including Quality controls until project closure. Submission of a method statement shall therefore form part the evaluation criteria.

**NB: adherence to the above specifications shall form part of technical evaluation criteria for each item. Therefore, the bidder shall provide brochure for each item alongside the bid**

---

## **PART 3 ~ CONDITIONS OF CONTRACT AND CONTRACT FORMS**

---

## SECTION VI - GENERAL CONDITIONS OF CONTRACT

### 1. Definitions

In the Conditions of Contract (“these Conditions”), which include Special Conditions, Parts A and B, and these General Conditions, the following words and expressions shall have the meanings stated. Words indicating persons or parties include corporations and other legal entities, except where the context requires otherwise.

- a) “Contract” means the Contract Agreement entered into between the Procuring Entity and the Supplier, together with the Contract Documents referred to therein, including all attachments, appendices, and all documents incorporated by reference therein.
- b) “Contract Documents” means the documents listed in the Contract Agreement, including any amendments thereto.
- c) “Contract Price” means the price payable to the Supplier as specified in the Contract Agreement, subject to such additions and adjustments thereto or deductions therefrom, as may be made pursuant to the Contract.
- d) “Day” means calendar day.
- e) “Completion” means the fulfilment of the Related Services by the Supplier in accordance with the terms and conditions set forth in the Contract.
- f) “GCC” means the General Conditions of Contract.
- g) “Goods” means all of the commodities, raw material, machinery and equipment, and/or other materials that the Supplier is required to supply to the Procuring Entity under the Contract.
- h) “Procuring Entity” means the Procuring Entity purchasing the Goods and Related Services, as specified in the SCC.
- i) “Related Services” means the services incidental to the supply of the goods, such as insurance, delivery, installation, commissioning, training and initial maintenance and other such obligations of the Supplier under the Contract.
- j) “SCC” means the Special Conditions of Contract.
- k) “Subcontractor” means any person, private or government entity, or a combination of the above, to whom any part of the Goods to be supplied or execution of any part of the Related Services is subcontracted by the Supplier.
- l) “Supplier” means the person, private or government entity, or a combination of the above, whose Tender to perform the Contract has been accepted by the Procuring Entity and is named as such in the Contract Agreement.
- m) “Base Date” means a date 30 day prior to the submission of tenders.
- n) “Laws” means all national legislation, statutes, ordinances, and regulations and by-laws of any legally constituted public authority.
- o) “Letter of Acceptance” means the letter of formal acceptance, signed by the contractor. Procuring Entity, including any annexed memoranda comprising agreements between and signed by both Parties.
- p) “Procuring Entity” means the Entity named in the Special Conditions of Contract.

### 2. Interpretation

21. If the context so requires it, singular means plural and vice versa.

## 22. Incoterms

- a) Unless inconsistent with any provision of the Contract, the meaning of any trade term and the rights and obligations of parties thereunder shall be as prescribed by Incoterms **specified in the SCC**.
- b) The terms EXW and CIP and other similar terms, when used, shall be governed by the rules prescribed in the current edition of Incoterms specified in the **SCC** and published by the International Chamber of Commerce in Paris, France.

## 3. Contract Documents

Subject to the order of precedence set forth in the Contract Agreement, all documents forming the Contract (and all parts thereof) are intended to be correlative, complementary, and mutually explanatory. The Contract Agreement shall be read as a whole. The documents forming the Contract shall be interpreted in the following order of priority:

- a) the Contract Agreement,
- b) the Letter of Acceptance,
- c) the General Conditions of Contract
- d) Special Conditions of Contract
- e) the Form of Tender,
- f) the Specifications and Schedules of the Drawings (if any), and
- g) the Schedules of Requirements, Price Schedule and any other documents forming part of the Contract.

## 4. Fraud and Corruption

- 3.1 The supplier shall comply with anti-corruption laws and guidelines and the prevailing sanctions, policies and procedures as set forth in the Laws of Kenya.
- 3.2 The Supplier shall disclose any commissions, gratuity or fees that may have been paid or are to be paid to agents or any other person with respect to the Tendering process or execution of the Contract. The information disclosed must include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee.

### 4.1 Entire Agreement

- 4.3.1 The Contract constitutes the entire agreement between the Procuring Entity and the Supplier and supersedes all communications, negotiations and agreements (whether written or oral) of the parties with respect thereto made prior to the date of Contract.

### 4.2 Amendment

No amendment or other variation of the Contract shall be valid unless it is in writing, is dated, expressly refers to the Contract, and is signed by a duly authorized representative of each party thereto.

### 4.3 Non-waiver

- a) Subject to GCC Sub-Clause 4.5(b) below, no relaxation, forbearance, delay, or indulgence by either party in enforcing any of the terms and conditions of the Contract or the granting of time by either party to the other shall prejudice, affect, or restrict the rights of that party under the Contract, neither shall any waiver by either party of any breach of Contract operate as waiver of any subsequent or continuing breach of Contract.
- b) Any waiver of a party's rights, powers, or remedies under the Contract must be in writing,

dated, and signed by an authorized representative of the party granting such waiver, and must specify the right and the extent to which it is being waived.

#### **4.4 Severability**

If any provision or condition of the Contract is prohibited or rendered invalid or unenforceable, such prohibition, invalidity or unenforceability shall not affect the validity or enforceability of any other provisions and conditions of the Contract.

#### **5. Language**

5.1 The Contract as well as all correspondence and documents relating to the Contract exchanged by the Supplier and the Procuring Entity, shall be written in the **English Language**. Supporting documents and printed literature that are part of the Contract may be in another language provided they are accompanied by an accurate and certified translation of the relevant passages in the **English Language**, in which case, for purposes of interpretation of the Contract, the English language is translation shall govern.

5.2 The Supplier shall bear all costs of translation to the governing language and all risks of the accuracy of such translation, for documents provided by the Supplier.

#### **6. Joint Venture, Consortium or Association**

6.1 If the Supplier is a joint venture, consortium, or association, all of the parties shall be jointly and severally liable to the Procuring Entity for the fulfilment of the provisions of the Contract and shall designate one member of the joint venture, consortium, or association to act as a leader with authority to bind the joint venture, consortium, or association. The composition or the constitution of the joint venture, consortium, or association shall not be altered without the prior written consent of the Procuring Entity.

#### **7. Eligibility**

7.1 The Supplier and its Subcontractors shall have the nationality of an eligible country. A Supplier or Sub- contractor shall be deemed to have the nationality of a country if it is a citizen or constituted, incorporated, or registered, and operates in conformity with the provisions of the laws of that country.

7.2 All Goods and Related Services to be supplied under the Contract shall have their origin in Eligible Countries. For the purpose of this Clause, origin means the country where the goods have been grown, mined, cultivated, produced, manufactured, or processed; or through manufacture, processing, or assembly, another commercially recognized article results that differs substantially in its basic characteristics from its components.

7.3 The Tenderer, if a Kenyan firm, must submit with its tender a valid tax compliance certificate from the Kenya Revenue Authority.

#### **8. Notices**

8.1 Any notice given by one party to the other pursuant to the Contract shall be in writing to the address specified in the **SCC**. The term “in writing” means communicated in written form with proof of receipt.

8.2 A notice shall be effective when delivered or on the notice's effective date, whichever is later.

#### **9. Governing Law**

9.1 The Contract shall be governed by and interpreted in accordance with the laws of Kenya.

9.2 Throughout the execution of the Contract, the Supplier shall comply with the import of goods and services prohibitions in Kenya:

- a) where, as a matter of law, compliance or official regulations, Kenya prohibits commercial relations with that country or any import of goods from that country or any payments to any country, person, or entity in that country ; or

- b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, Kenya prohibits any import of goods from that country or any payments to any country, person, or entity.

## **10. Settlement of Disputes**

- 101 The Procuring Entity and the Supplier shall make every effort to resolve amicably by direct negotiation any disagreement or dispute arising between them under or in connection with the Contract.
- 102 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the Procuring Entity or the Supplier may give notice to the other party of its intention to commence arbitration, as hereinafter provided, as to the matter in dispute, and no arbitration in respect of this matter may be commenced unless such notice is given. Any dispute or difference in respect of which a notice of intention to commence arbitration has been given in accordance with this Clause shall be finally settled by arbitration. Arbitration may be commenced prior to or after delivery of the Goods under the Contract.

### **102 Arbitration proceedings shall be conducted as follows:**

- 1021 Any claim or dispute between the Parties arising out of or in connection with the Contract not settled amicably in accordance with Sub-Clause 10.1 shall be finally settled by arbitration.
- 1022 No arbitration proceedings shall be commenced on any claim or dispute where notice of a claim or dispute has not been given by the applying party within thirty days of the occurrence or discovery of the matter or issue giving rise to the dispute.
- 1023 Notwithstanding the issue of a notice as stated above, the arbitration of such a claim or dispute shall not commence unless an attempt has in the first instance been made by the parties to settle such claim or dispute amicably with or without the assistance of third parties. Proof of such attempt shall be required.
- 1024 The Arbitrator shall, without prejudice to the generality of his powers, have powers to direct such measurements, computations, or valuations as may in his opinion be desirable in order to determine the rights of the parties and assess and award any sums which ought to have been the subject of or included in any due payments.
- 1025 Neither Party shall be limited in the proceedings before the arbitrators to the evidence, or to the reasons for the dispute given in its notice of a claim or dispute.
- 1026 Arbitration may be commenced prior to or after delivery of the goods. The obligations of the Parties shall not be altered by reason of any arbitration being conducted during the progress of the delivery of goods.
- 1027 The terms of the remuneration of each or all the members of Arbitration shall be mutually agreed upon by the Parties when agreeing the terms of appointment. Each Party shall be responsible for paying one-half of this remuneration.

### **103 Arbitration Proceedings**

- 103.1 Arbitration proceedings with national suppliers will be conducted in accordance with the Arbitration Laws of Kenya. In case of any claim or dispute, such claim or dispute shall be notified in writing by either party to the other with a request to submit it to arbitration and to concur in the appointment of an Arbitrator within thirty days of the notice. The dispute shall be referred to the arbitration and final decision of a person or persons to be agreed between the parties. Failing agreement to concur in the appointment of an Arbitrator, the Arbitrator shall be appointed, on the request of the applying party, by the Chairman or Vice Chairman of any of the following professional institutions;
- i) Kenya National Chamber of Commerce
  - ii) Chartered Institute of Arbitrators (Kenya Branch)
  - iii) The Law Society of Kenya
- 1032 The institution written to first by the aggrieved party shall take precedence over all other institutions.

### **1033 Alternative Arbitration Proceedings**

Alternatively, the Parties may refer the matter to the Nairobi Centre for International Arbitration (NCIA) which offers a neutral venue for the conduct of national and international arbitration with commitment to providing institutional support to the arbitral process.

### **104 Arbitration with Foreign Suppliers**

104.1 Arbitration with foreign suppliers shall be conducted in accordance with the arbitration rules of the United Nations Commission on International Trade Law (UNCITRAL); or with proceedings administered by the International Chamber of Commerce (ICC) and conducted under the ICC Rules of Arbitration; by one or more arbitrators appointed in accordance with said arbitration rules

104.2 The place of arbitration shall be a location specified in the **SCC**; and the arbitration shall be conducted in the language for communications defined in Sub-Clause 1.4 [Law and Language].

### **105 Alternative Arbitration Proceedings**

Alternatively, the Parties may refer the matter to the Nairobi Centre for International Arbitration (NCIA) which offers a neutral venue for the conduct of national and international arbitration with commitment to providing institutional support to the arbitral process.

### **106 Failure to Comply with Arbitrator's Decision**

106.1 The award of such Arbitrator shall be final and binding upon the parties.

10.6.1 In the event that a Party fails to comply with a final and binding Arbitrator's decision, then the other Party may, without prejudice to any other rights it may have, refer the matter to a competent court of law.

### **107 Contract operations continue**

Notwithstanding any reference to arbitration herein,

- a) the parties shall continue to perform their respective obligations under the Contract unless they otherwise agree; and
- b) the Procuring Entity shall pay the Supplier any monies due the Supplier.

## **11. Inspections and Audit by the Procuring Entity**

11.1 The Supplier shall keep, and shall cause its Subcontractors to keep, accurate and systematic accounts and records in respect of the Goods in such form and details as will clearly identify relevant time, changes and costs.

11.2 Pursuant to paragraph 2.2 of Instruction to Tenderers, the Supplier shall permit and shall cause its subcontractors to permit, the Procuring Entity and/or persons appointed by the Procuring Entity or by other statutory bodies of the Government to inspect the Site and/or the accounts and records relating to the procurement process, selection and/or contract execution, and to have such accounts and records audited by auditors appointed by the Procuring Entity. The Supplier's and its Subcontractors' attention is drawn to Sub- Clause 3.1 which provides, inter alia, that acts intended to materially impede the exercise of the Procuring Entity's inspection and audit rights constitute a prohibited practice subject to contract termination, as well as to a determination of ineligibility.

## **12. Scope of Supply**

12.1 The Goods and Related Services to be supplied shall be as specified in the Schedule of Requirements.

## **13. Delivery and Documents**

13.1 Subject to GCC Sub-Clause 33.1, the delivery of the Goods and completion of the Related

Services shall be in accordance with the List of Goods and Delivery Schedule specified in the Supply Requirements. The details of shipping and other documents to be furnished by the Supplier are specified in the SCC.

#### **14. Supplier's Responsibilities**

- 14.1 The Supplier shall supply all the Goods and Related Services included in the Scope of Supply in accordance with GCC Clause 12, and the Delivery and Completion Schedule, as per GCC Clause 13.

#### **15. Contract Price**

- 15.1 Prices charged by the Supplier for the Goods supplied and the Related Services performed under the Contract shall not vary from the prices quoted by the Supplier in its Tender, with the exception of any price adjustments authorized in the SCC.
- 15.2 Where the contract price is different from the corrected tender price, in order to ensure the supplier is not paid less or more relative to the contract price (*which would be the tender price*), any partial payment valuation based on rates in the schedule of prices in the Tender, will be adjusted by a plus or minus percentage. The percentage already worked out during tender evaluation is worked out as follows:  $(\text{corrected tender price} - \text{tender price}) / \text{tender price} \times 100$ .

#### **16. Terms of Payment**

- 16.1 The Supplier shall request for payment by submitting invoice(s), delivery note(s) and any other relevant documents as specified in the SCC to the Procuring Entity.
- 16.2 Payments shall be made promptly by the Procuring Entity, but not later than thirty (30) days after submission of an invoice by the Supplier, and after the Procuring Entity has accepted it.
- 16.3 Where a Procuring Entity rejects Goods and Related Services, in part or wholly, the procuring Entity shall promptly inform the Supplier to collect, replace or rectify as appropriate and give reasons for rejection. The Supplier shall submit a fresh invoice, delivery note and any other relevant documents as specified in the SCC.
- 16.4 The currencies in which payments shall be made to the Supplier under this Contract shall be those in which the Tender price is expressed.
- 16.5 In the event that the Procuring Entity fails to pay the Supplier any payment by its due date or within the period set forth in the SCC, the Procuring Entity may pay to the Supplier interest on the amount of such delayed payment at the rate shown in the SCC, for the period of delay until payment has been made in full, whether before or after judgment or arbitrage award.

#### **17. Taxes and Duties**

- 17.1 The Supplier shall be entirely responsible for all taxes, duties, license fees, and other such levies incurred to deliver the Goods and Related Services to the Procuring Entity at the final delivery point.
- 17.3 If any tax exemptions, reductions, allowances or privileges may be available to the Supplier in Kenya, the Supplier shall inform the Procuring Entity and the Procuring Entity shall use its best efforts to enable the Supplier to benefit from any such tax savings to the maximum allowable extent.

#### **18. Performance Security**

- 18.1 If required as specified in the SCC, the Supplier shall, within twenty-eight (28) days of the notification of contract award, provide a performance security for the performance of the Contract in the amount specified in the SCC.

- 182 The proceeds of the Performance Security shall be payable to the Procuring Entity as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.
- 183 As specified in **the SCC**, the Performance Security, if required, shall be denominated in the currency(ies) of the Contract, or in a freely convertible currency acceptable to the Procuring Entity; and shall be in one of the formats stipulated by the Procuring Entity in **the SCC**, or in another format acceptable to the Procuring Entity.
- 184 The Performance Security shall be discharged by the Procuring Entity and returned to the Supplier not later than thirty (30) days following the date of Completion of the Supplier's performance obligations under the Contract, including any warranty obligations, unless specified otherwise in the **SCC**.

## **19. Copyright**

- 19.1 The copyright in all drawings, documents, and other materials containing data and information furnished to the Procuring Entity by the Supplier herein shall remain vested in the Supplier, or, if they are furnished to the Procuring Entity directly or through the Supplier by any third party, including suppliers of materials, the copyright in such materials shall remain vested in such third party.

## **20. Confidential Information**

- 20.1 The Procuring Entity and the Supplier shall keep confidential and shall not, without the written consent of the other party hereto, divulge to any third party any documents, data, or other information furnished directly or indirectly by the other party hereto in connection with the Contract, whether such information has been furnished prior to, during or following completion or termination of the Contract. Notwithstanding the above, the Supplier may furnish to its Sub-Supplier such documents, data, and other information it receives from the Procuring Entity to the extent required for the Sub Supplier to perform its work under the Contract, in which event the Supplier shall obtain from such Sub Supplier undertaking of confidentiality similar to that imposed on the Supplier under GCC Clause 20.
- 20.2 The Procuring Entity shall not use such documents, data, and other information received from the Supplier for any purposes unrelated to the contract. Similarly, the Supplier shall not use such documents, data, and other information received from the Procuring Entity for any purpose other than the performance of the Contract.
- 20.3 The obligation of a party under GCC Sub-Clauses 20.1 and 20.2 above, however, shall not apply to information that:
- a) the Procuring Entity or Supplier need to share with other arms of Government or other bodies participating in the financing of the Contract; such parties shall be disclosed in **the SCC**;
  - b) now or hereafter enters the public domain through no fault of that party;
  - c) can be proven to have been possessed by that party at the time of disclosure and which was not previously obtained, directly or indirectly, from the other party; or
  - d) otherwise lawfully becomes available to that party from a third party that has no obligation of confidentiality.
- 20.4 The above provisions of GCC Clause 20 shall not in any way modify any undertaking of confidentiality given by either of the parties hereto prior to the date of the Contract in respect of the Supply or any part thereof.
- 20.5 The provisions of GCC Clause 20 shall survive completion or termination, for whatever reason, of the Contract.

## **21. Subcontracting**

21.1 The Supplier shall notify the Procuring Entity in writing of all subcontracts awarded under the Contract if not already specified in the Tender. Such notification, in the original Tender or later shall not relieve the Supplier from any of its obligations, duties, responsibilities, or liability under the Contract.

21.2 Subcontracts shall comply with the provisions of GCC Clauses 3 and 7.

## **22. Specifications and Standards**

### **22.1 Technical Specifications and Drawings**

- a) The Goods and Related Services supplied under this Contract shall conform to the technical specifications and standards mentioned in Section VI, Schedule of Requirements and, when no applicable standard is mentioned, the standard shall be equivalent or superior to the official standards whose application is appropriate to the Goods' country of origin.
- b) The Supplier shall be entitled to disclaim responsibility for any design, data, drawing, specification or other document, or any modification thereof provided or designed by or on behalf of the Procuring Entity, by giving a notice of such disclaimer to the Procuring Entity.
- c) Wherever references are made in the Contract to codes and standards in accordance with which it shall be executed, the edition or the revised version of such codes and standards shall be those specified in the Schedule of Requirements. During Contract execution, any changes in any such codes and standards shall be applied only after approval by the Procuring Entity and shall be treated in accordance with GCC Clause 33.

## **23. Packing and Documents**

23.1 The Supplier shall provide such packing of the Goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the Contract. During transit, the packing shall be sufficient to withstand, without limitation, rough handling and exposure to extreme temperatures, salt and precipitation, and open storage. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

23.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the Contract, including additional requirements, if any, specified **in the SCC**, and in any other instructions ordered by the Procuring Entity.

## **24. Insurance**

24.1 Unless otherwise specified in the **SCC**, the Goods supplied under the Contract shall be fully insured—in a freely convertible currency from an eligible country—against loss or damage incidental to manufacture or acquisition, transportation, storage, and delivery, in accordance with the applicable Incoterms or in the manner specified in the **SCC**.

## **25. Transportation and Incidental Services**

25.1 Unless otherwise specified in the **SCC**, responsibility for arranging transportation of the Goods shall be in accordance with the specified Incoterms.

**25.2** The Supplier may be required to provide any or all of the following services, including additional services, if any, specified **in SCC**:

- a) performance or supervision of on-site assembly and/or start-up of the supplied Goods;
- b) furnishing of tools required for assembly and/or maintenance of the supplied Goods;
- c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied Goods;

- d) performance or supervision or maintenance and/or repair of the supplied Goods, for a period of time agreed by the parties, provided that this service shall not relieve the Supplier of any warranty obligations under this Contract; and
- e) training of the Procuring Entity's personnel, at the Supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied Goods.

253 Prices charged by the Supplier for incidental services, if not included in the Contract Price for the Goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the Supplier for similar services

## **26. Inspections and Tests**

26.1 The Supplier shall at its own expense and at no cost to the Procuring Entity carry out all such tests and/or inspections of the Goods and Related Services as are specified in the **SCC**.

26.2 The inspections and tests may be conducted on the premises of the Supplier or its Subcontractor, at point of delivery, and/or at the Goods' final destination, or in another place in Kenya as specified in the **SCC**. Subject to GCC Sub-Clause 26.3, if conducted on the premises of the Supplier or its Subcontractor, all reasonable facilities and assistance, including access to drawings and production data, shall be furnished to the inspectors at no charge to the Procuring Entity.

26.3 The Procuring Entity or its designated representative shall be entitled to attend the tests and/or inspections referred to in GCC Sub-Clause 26.2, provided that the Procuring Entity bear all of its own costs and expenses incurred in connection with such attendance including, but not limited to, all travelling and board and lodging expenses.

26.4 Whenever the Supplier is ready to carry out any such test and inspection, it shall give a reasonable advance notice, including the place and time, to the Procuring Entity. The Supplier shall obtain from any relevant third party or manufacturer any necessary permission or consent to enable the Procuring Entity or its designated representative to attend the test and/or inspection.

26.5 The Procuring Entity may require the Supplier to carry out any test and/or inspection not required by the Contract but deemed necessary to verify that the characteristics and performance of the Goods comply with the technical specifications codes and standards under the Contract, provided that the Supplier's reasonable costs and expenses incurred in the carrying out of such test and/or inspection shall be added to the Contract Price. Further, if such test and/or inspection impedes the progress of manufacturing and/or the Supplier's performance of its other obligations under the Contract, due allowance will be made in respect of the Delivery Dates and Completion Dates and the other obligations so affected.

26.6 The Supplier shall provide the Procuring Entity with a report of the results of any such test and/or inspection.

26.7 The Procuring Entity may reject any Goods or any part thereof that fail to pass any test and/or inspection or do not conform to the specifications. The Supplier shall either rectify or replace such rejected Goods or parts thereof or make alterations necessary to meet the specifications at no cost to the Procuring Entity, and shall repeat the test and/or inspection, at no cost to the Procuring Entity, upon giving a notice pursuant to GCC Sub- Clause 26.4.

26.8 The Supplier agrees that neither the execution of a test and/or inspection of the Goods or any part thereof, nor the attendance by the Procuring Entity or its representative, nor the issue of any report pursuant to GCC Sub-Clause 26.6, shall release the Supplier from any warranties or other obligations under the Contract.

## **27. Liquidated Damages**

27.1 Except as provided under GCC Clause 32, if the Supplier fails to deliver any or all of the

Goods by the Date(s) of delivery or perform the Related Services within the period specified in the Contract, the Procuring Entity may without prejudice to all its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in the **SCC** of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage specified in those **SCC**. Once the maximum is reached, the Procuring Entity may terminate the Contract pursuant to GCC Clause 35.

## **28. Warranty**

- 28.1 The Supplier warrants that all the Goods are new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided otherwise in the Contract.
- 28.2 Subject to GCC Sub-Clause 22.1(b), the Supplier further warrants that the Goods shall be free from defects arising from any act or omission of the Supplier or arising from design, materials, and workmanship, under normal use in the conditions prevailing in the country of final destination.
- 28.3 Unless otherwise specified in the **SCC**, the warranty shall remain valid for twelve (12) months after the Goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the **SCC**, or for eighteen (18) months after the date of shipment from the port or place of loading in the country of origin, whichever period concludes earlier.
- 28.4 The Procuring Entity shall give notice to the Supplier stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The Procuring Entity shall afford all reasonable opportunity for the Supplier to inspect such defects.
- 28.5 Upon receipt of such notice, the Supplier shall, within the period specified in the **SCC**, expeditiously repair or replace the defective Goods or parts thereof, at no cost to the Procuring Entity.
- 28.6 If having been notified, the Supplier fails to remedy the defect within the period specified in the **SCC**, the Procuring Entity may proceed to take within a reasonable period such remedial action as may be necessary, at the Supplier's risk and expense and without prejudice to any other rights which the Procuring Entity may have against the Supplier under the Contract.

## **29. Patent Indemnity**

- 29.1 The Supplier shall, subject to the Procuring Entity's compliance with GCC Sub-Clause 29.2, indemnify and hold harmless the Procuring Entity and its employees and officers from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Procuring Entity may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract by reason of:
- a) the installation of the Goods by the Supplier or the use of the Goods in the country where the Site is located; and
  - b) the sale in any country of the products produced by the Goods.

Such indemnity shall not cover any use of the Goods or any part thereof other than for the purpose indicated by or to be reasonably inferred from the Contract, neither any infringement resulting from the use of the Goods or any part thereof, or any products produced thereby in association or combination with any other equipment, plant, or materials not supplied by the Supplier, pursuant to the Contract.

- 29.2 If any proceedings are brought or any claim is made against the Procuring Entity arising out of the matters referred to in GCC Sub-Clause 29.1, the Procuring Entity shall promptly give the Supplier a notice thereof, and the Supplier may at its own expense and in the Procuring

Entity's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.

293 If the Supplier fails to notify the Procuring Entity within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Procuring Entity shall be free to conduct the same on its own behalf.

294 The Procuring Entity shall, at the Supplier's request, afford all available assistance to the Supplier in conducting such proceedings or claim, and shall be reimbursed by the Supplier for all reasonable expenses incurred in so doing.

295 The Procuring Entity shall indemnify and hold harmless the Supplier and its employees, officers, and Subcontractors from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Supplier may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided or designed by or on behalf of the Procuring Entity.

### **30. Limitation of Liability**

30.1 Except in cases of criminal negligence or willful misconduct,

a) the Supplier shall not be liable to the Procuring Entity, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Procuring Entity, and

b) the aggregate liability of the Supplier to the Procuring Entity, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the supplier to indemnify the Procuring Entity with respect to patent infringement.

### **31. Change in Laws and Regulations**

31.1 Unless otherwise specified in the Contract, if after the date of 30 days prior to date of Tender submission, any law, regulation, ordinance, order or bylaw having the force of law is enacted, promulgated, abrogated, or changed in Kenya (which shall be deemed to include any change in interpretation or application by the competent authorities) that subsequently affects the Delivery Date and/or the Contract Price, then such Delivery Date and/or Contract Price shall be correspondingly increased or decreased, to the extent that the Supplier has thereby been affected in the performance of any of its obligations under the Contract. Notwithstanding the foregoing, such additional or reduced cost shall not be separately paid or credited if the same has already been accounted for in the price adjustment provisions where applicable, in accordance with GCC Clause 15.

### **32. Force Majeure**

32.1 The Supplier shall not be liable for forfeiture of its Performance Security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

32.2 For purposes of this Clause, "Force Majeure" means an event or situation beyond the control of the Supplier that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the Supplier. Such events may include, but not be limited to, acts of the Procuring Entity in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.

32.3 If a Force Majeure situation arises, the Supplier shall promptly notify the Procuring Entity in writing of such condition and the cause thereof. Unless otherwise directed by the Procuring

Entity in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

### **33. Change Orders and Contract Amendments**

- 33.1 The Procuring Entity may at any time order the Supplier through notice in accordance GCC Clause 8, to make changes within the general scope of the Contract in any one or more of the following:
- a) drawings, designs, or specifications, where Goods to be furnished under the Contract are to be specifically manufactured for the Procuring Entity;
  - b) the method of shipment or packing;
  - c) the place of delivery; and
  - d) the Related Services to be provided by the Supplier.
- 33.2 If any such change causes an increase or decrease in the cost of, or the time required for, the Supplier's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or in the Delivery/Completion Schedule, or both, and the Contract shall accordingly be amended. Any claims by the Supplier for adjustment under this Clause must be asserted within twenty-eight (28) days from the date of the Supplier's receipt of the Procuring Entity's change order.
- 33.3 Prices to be charged by the Supplier for any Related Services that might be needed but which were not included in the Contract shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the Supplier for similar services.
- 33.4 **Value Engineering:** The Supplier may prepare, at its own cost, a value engineering proposal at any time during the performance of the contract. The value engineering proposal shall, at a minimum, include the following:
- a) the proposed change(s), and a description of the difference to the existing contract requirements;
  - b) a full cost/benefit analysis of the proposed change(s) including a description and estimate of costs (including life cycle costs) the Procuring Entity may incur in implementing the value engineering proposal; and
  - c) a description of any effect(s) of the change on performance/functionality.
- 33.5 The Procuring Entity may accept the value engineering proposal if the proposal demonstrates benefits that:
- a) accelerates the delivery period; or
  - b) reduces the Contract Price or the life cycle costs to the Procuring Entity; or
  - c) improves the quality, efficiency or sustainability of the Goods; or
  - d) yields any other benefits to the Procuring Entity, without compromising the necessary functions of the Facilities.
- 33.6 If the value engineering proposal is approved by the Procuring Entity and results in:
- a) a reduction of the Contract Price; the amount to be paid to the Supplier shall be the percentage specified **in the SCC** of the reduction in the Contract Price; or
  - b) an increase in the Contract Price; but results in a reduction in life cycle costs due to any benefit described in  
(a) to (d) above, the amount to be paid to the Supplier shall be the full increase in the Contract Price.
- 33.7 Subject to the above, no variation in or modification of the terms of the Contract shall be made except by written amendment signed by the parties.

### **34. Extensions of Time**

- 34.1 If at any time during performance of the Contract, the Supplier or its subcontractors should encounter conditions impeding timely delivery of the Goods or completion of Related Services pursuant to GCC Clause 13, the Supplier shall promptly notify the Procuring Entity in writing of the delay, its likely duration, and its cause. As soon as practicable after receipt of the Supplier's notice, the Procuring Entity shall evaluate the situation and may at its discretion extend the Supplier's time for performance, in which case the extension shall be ratified by the parties by amendment of the Contract.
- 34.2 Except in case of Force Majeure, as provided under GCC Clause 32, a delay by the Supplier in the performance of its Delivery and Completion obligations shall render the Supplier liable to the imposition of liquidated damages pursuant to GCC Clause 26, unless an extension of time is agreed upon, pursuant to GCC Sub-Clause 34.1.

### **35. Termination**

#### **35.1 Termination for Default**

- a) The Procuring Entity, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the Supplier, may terminate the Contract in whole or in part:
- i) if the Supplier fails to deliver any or all of the Goods within the period specified in the Contract, or within any extension thereof granted by the Procuring Entity pursuant to GCC Clause 34;
  - ii) if the Supplier fails to perform any other obligation under the Contract; or
  - iii) if the Supplier, in the judgment of the Procuring Entity has engaged in Fraud and Corruption, as defined in paragraph 2.2 a of the Appendix to the GCC, in competing for or in executing the Contract.
- b) In the event the Procuring Entity terminates the Contract in whole or in part, pursuant to GCC Clause 35.1(a), the Procuring Entity may procure, upon such terms and in such manner as it deems appropriate, Goods or Related Services similar to those undelivered or not performed, and the Supplier shall be liable to the Procuring Entity for any additional costs for such similar Goods or Related Services. However, the Supplier shall continue performance of the Contract to the extent not terminated.

#### **35.2 Termination for Insolvency.**

The Procuring Entity may at any time terminate the Contract by giving notice to the Supplier if the Supplier becomes bankrupt or otherwise insolvent. In such event, termination will be without compensation to the Supplier, provided that such termination will not prejudice or affect any right of action or remedy that has accrued or will accrue thereafter to the Procuring Entity

#### **35.2 Termination for Convenience.**

- a) The Procuring Entity, by notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for the Procuring Entity's convenience, the extent to which performance of the Supplier under the Contract is terminated, and the date upon which such termination becomes effective.
- b) The Goods that are complete and ready for shipment within twenty-eight (28) days after the Supplier's receipt of notice of termination shall be accepted by the Procuring Entity at the Contract terms and prices. For the remaining Goods, the Procuring Entity may elect:
- i) to have any portion completed and delivered at the Contract terms and prices; and/or
  - ii) to cancel the remainder and pay to the Supplier an agreed amount for partially completed Goods and Related Services and for materials and parts previously procured by the Supplier.

### **36. Assignment**

- 36.1 Neither the Procuring Entity nor the Supplier shall assign, in whole or in part, their obligations under this Contract, except with prior written consent of the other party.

### **37. Export Restriction**

- 37.1 Notwithstanding any obligation under the Contract to complete all export formalities, any export restrictions attributable to the Procuring Entity, to Kenya, or to the use of the products/goods, systems or services to be supplied, which arise from trade regulations from a country supplying those products/goods, systems or services, and which substantially impede the Supplier from meeting its obligations under the Contract, shall release the Supplier from the obligation to provide deliveries or services, always provided, however, that the Supplier can demonstrate to the satisfaction of the Procuring Entity that it has completed all formalities in a timely manner, including applying for permits, authorizations and licenses necessary for the export of the products/goods, systems or services under the terms of the Contract. Termination of the Contract on this basis shall be for the Procuring Entity's convenience pursuant to Sub-Clause 35.3.

## SECTION VII - SPECIAL CONDITIONS OF CONTRACT

The following Special Conditions of Contract (SCC) shall supplement and/or amend the General Conditions of Contract (GCC). Whenever there is a conflict, the provisions herein shall prevail over those in the GCC

| Number of GC Clause | Amendments of, and Supplements to, Clauses in the General Conditions of Contract  |
|---------------------|---|
| GCC 1.1(h)          | The Procuring Entity is: <b><i>Kenya Electricity Generating Company PLC</i></b>   |
| GCC 4.2 (b)         | The version edition of Incoterms shall be <b><i>INCOTERMS 2020</i></b>  |

## **SECTION VIII ~ CONTRACT FORMS**

This Section contains forms which, once completed, will form part of the Contract. The forms for Performance Security and Advance Payment Security, when required, shall only be completed by the successful tenderer after contract award.

## FORM No. 1: NOTIFICATION OF INTENTION TO AWARD

This Notification of Intention to Award shall be sent to each Tenderer that submitted a Tender. Send this Notification to the Tenderer's Authorized Representative named in the Tender Information Form on the format below.

-----

### FORMAT

1. For the attention of Tenderer's Authorized Representative

i) Name:\_\_\_\_\_ *[insert Authorized Representative's name]*

ii) Address:\_\_\_\_\_ *[insert Authorized Representative's Address]*

iii) Telephone:\_\_\_\_\_ *[insert Authorized Representative's telephone/fax numbers]*

iv) Email Address:\_\_\_\_\_ *[insert Authorized Representative's email address]*

*[IMPORTANT: insert the date that this Notification is transmitted to Tenderers. The Notification must be sent to all Tenderers simultaneously. This means on the same date and as close to the same time as possible.]*

2. Date of transmission:\_\_\_\_\_ *[email]* on *[date]*\_\_\_\_\_ (local time)

This Notification is sent by \_\_\_\_\_ *(Name and designation)*

3. Notification of Intention to Award

i) Employer:\_\_\_\_\_ *[insert the name of the Employer]*

ii) Project:\_\_\_\_\_ *[insert name of project]*

iii) Contract title:\_\_\_\_\_ *[insert the name of the contract]*

iv) Country:\_\_\_\_\_ *[insert country where ITT is issued]*

v) ITT No:\_\_\_\_\_ *[insert ITT reference number from Procurement Plan]*

This Notification of Intention to Award (Notification) notifies you of our decision to award the above contract. The transmission of this Notification begins the Standstill Period. During the Standstill Period, you may:

4. Request a debriefing in relation to the evaluation of your tender

Submit a Procurement-related Complaint in relation to the decision to award the contract.

a) The successful tenderer

i) Name of successful Tender \_\_\_\_\_

ii) Address of the successful Tender \_\_\_\_\_

iii) Contract price of the successful Tender Kenya Shillings \_\_\_\_\_ (in words \_\_\_\_\_)

b) Other Tenderers

Names of all Tenderers that submitted a Tender. If the Tender's price was evaluated include the evaluated price as well as the Tender price as read out. For Tenders not evaluated, give one main reason the Tender was unsuccessful.

| S/No. | Name of Tender | Tender Price as read out | Tender's evaluated price (Note a) | One Reason Why Not Evaluated |
|-------|----------------|--------------------------|-----------------------------------|------------------------------|
| 1     |                |                          |                                   |                              |
| 2     |                |                          |                                   |                              |
| 3     |                |                          |                                   |                              |
| 4     |                |                          |                                   |                              |
| 5     |                |                          |                                   |                              |
|       |                |                          |                                   |                              |

*(Note a) State NE if not evaluated*

5. How to request a debriefing

- a) DEADLINE: The deadline to request a debriefing expires at midnight on *[insert date]* (local time).
- b) You may request a debriefing in relation to the results of the evaluation of your Tender. If you decide to request a debriefing your written request must be made within three (5) Business Days of receipt of this Notification of Intention to Award.
- c) Provide the contract name, reference number, name of the Tenderer, contact details; and address the request for debriefing as follows:
  - I) Attention: \_\_\_\_\_ *[insert full name of person, if applicable]*
  - ii) Title/position: \_\_\_\_\_ *[insert title/position]*
  - ii) Agency: \_\_\_\_\_ *[insert name of Employer]*
  - iii) Email address: \_\_\_\_\_ *[insert email address]*
- d) If your request for a debriefing is received within the 3 Days deadline, we will provide the debriefing within five (3) Business Days of receipt of your request. If we are unable to provide the debriefing within this period, the Standstill Period shall be extended by five (3) Days after the date that the debriefing is provided. If this happens, we will notify you and confirm the date that the extended Standstill Period will end.
- e) The debriefing may be in writing, by phone, video conference call or in person. We shall promptly advise you in writing how the debriefing will take place and confirm the date and time.
- f) If the deadline to request a debriefing has expired, you may still request a debriefing. In this case, we will provide the debriefing as soon as practicable, and normally no later than fifteen (15) Days from the date of publication of the Contract Award Notice.

6. How to make a complaint

- a) Period: Procurement-related Complaint challenging the decision to award shall be submitted by midnight, *[insert date]* (local time).
- b) Provide the contract name, reference number, name of the Tenderer, contact details; and address the Procurement-related Complaint as follows:
  - I) Attention: \_\_\_\_\_ *[insert full name of person, if applicable]*

- ii) Title/position:\_\_\_\_\_ [*insert title/position*]
- iii) Agency:\_\_\_\_\_ [*insert name of Employer*]
- iv) Email address:\_\_\_\_\_ [*insert email address*]
- c) At this point in the procurement process, you may submit a Procurement-related Complaint challenging the decision to award the contract. You do not need to have requested, or received, a debriefing before making this complaint. Your complaint must be submitted within the Standstill Period and received by us before the Standstill Period ends.
- d) Further information: For more information refer to the Public Procurement and Disposals Act 2015 and its Regulations available from the Website [www.ppra.go.ke](http://www.ppra.go.ke) or email [complaints@ppra.go.ke](mailto:complaints@ppra.go.ke).

You should read these documents before preparing and submitting your complaint.

- e) There are four essential requirements:
  - i) You must be an ‘interested party’. In this case, that means a Tenderer who submitted a Tender in this tendering process, and is the recipient of a Notification of Intention to Award.
  - ii) The complaint can only challenge the decision to award the contract.
  - iii) You must submit the complaint within the period stated above.
  - iv) You must include, in your complaint, all of the information required to support your complaint.

## 7. Standstill Period

- i) DEADLINE: The Standstill Period is due to end at midnight on [*insert date*] (local time).
- ii) The Standstill Period lasts ten (14) Days after the date of transmission of this Notification of Intention to Award.
- iii) The Standstill Period may be extended as stated in paragraph Section 5 (d) above.

If you have any questions regarding this Notification please do not hesitate to contact us.

FORM NO. 5 ~ PERFORMANCE SECURITY [Option 1 ~ Unconditional Demand Bank Guarantee]

*[Guarantor letterhead]*

**Beneficiary:**\_\_\_\_\_ *[insert name and Address of Employer]*

**Date:**\_\_\_\_\_ *[Insert date of issue]*

**Guarantor:**\_\_\_\_\_ *[Insert name and address of place of issue, unless indicated in the letterhead]*

1. We have been informed that \_\_\_\_\_ (hereinafter called "the Contractor") has entered into Contract No. \_\_\_\_\_ dated \_\_\_\_\_ with *(name of Employer)* \_\_\_\_\_ (the Employer as the Beneficiary), for the execution of \_\_\_\_\_ (hereinafter called "the Contract").
2. Furthermore, we understand that, according to the conditions of the Contract, a performance guarantee is required.
3. At the request of the Contractor, we as Guarantor, hereby irrevocably undertake to pay the Beneficiary any sum or sums not exceeding in total an amount of \_\_\_\_\_ *(in words)*,<sup>1</sup> such sum being payable in the types and proportions of currencies in which the Contract Price is payable, upon receipt by us of the Beneficiary's complying demand supported by the Beneficiary's statement, whether in the demand itself or in a separate signed document accompanying or identifying the demand, stating that the Applicant is in breach of its obligation(s) under the Contract, without the Beneficiary needing to prove or to show grounds for your demand or the sum specified therein.
4. This guarantee shall expire, no later than the .... Day of ....., 2.....<sup>2</sup>, and any demand for payment under it must be received by us at the office indicated above on or before that date.
5. The Guarantor agrees to a one-time extension of this guarantee for a period not to exceed *[six months] [one year]*, in response to the Beneficiary's written request for such extension, such request to be presented to the Guarantor before the expiry of the guarantee."

---

*[Name of Authorized Official, signature(s) and seals/stamps]*

**FORM No. 6 - PERFORMANCE SECURITY [Option 2- Performance Bond]**

*[Note: Procuring Entities are advised to use Performance Security – Unconditional Demand Bank Guarantee instead of Performance Bond due to difficulties involved in calling Bond holder to action]*

*[Guarantor letterhead or SWIFT identifier code]*

**Beneficiary:**\_\_\_\_\_ *[insert name and Address of Employer]*  
**Date:**\_\_\_\_\_ *[Insert date of issue]*

**PERFORMANCE BOND No.:**\_\_\_\_\_

**Guarantor:**\_\_\_\_\_ *[Insert name and address of place of issue, unless indicated in the letterhead]*

1. By this Bond \_\_\_\_\_ as Principal (hereinafter called “the Contractor”) and \_\_\_\_\_] as Surety (hereinafter called “the Surety”), are held and firmly bound unto \_\_\_\_\_] as Obligee (hereinafter called “the Employer”) in the amount of \_\_\_\_\_ for the payment of which sum well and truly to be made in the types and proportions of currencies in which the Contract Price is payable, the Contractor and the Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.
2. WHEREAS the Contractor has entered into a written Agreement with the Employer dated the \_\_\_\_\_ day of , 20\_\_\_\_\_, for \_\_\_\_\_ in accordance with the documents, plans, specifications, and amendments thereto, which to the extent herein provided for, are by reference made part hereof and are hereinafter referred to as the Contract.
3. NOW, THEREFORE, the Condition of this Obligation is such that, if the Contractor shall promptly and faithfully perform the said Contract (including any amendments thereto), then this obligation shall be null and void; otherwise, it shall remain in full force and effect. Whenever the Contractor shall be, and declared by the Employer to be, in default under the Contract, the Employer having performed the Employer's obligations thereunder, the Surety may promptly remedy the default, or shall promptly:
  - 1) complete the Contract in accordance with its terms and conditions; or
  - 2) obtain a tender or tenders from qualified tenderers for submission to the Employer for completing the Contract in accordance with its terms and conditions, and upon determination by the Employer and the Surety of the lowest responsive Tenderers, arrange for a Contract between such Tenderer, and Employer and make available as work progresses (even though there should be a default or a succession of defaults under the Contract or Contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the Balance of the Contract Price; but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term “Balance of the Contract Price,” as used in this paragraph, shall mean the total amount payable by Employer to Contractor under the Contract, less the amount properly paid by Employer to Contractor; or
  - 3) pay the Employer the amount required by Employer to complete the Contract in accordance with its terms and conditions up to a total not exceeding the amount of this Bond.
4. The Surety shall not be liable for a greater sum than the specified penalty of this Bond.
5. Any suit under this Bond must be instituted before the expiration of one year from the date

of the issuing of the Taking-Over Certificate. No right of action shall accrue on this Bond to or for the use of any person or corporation other than the Employer named herein or the heirs, executors, administrators, successors, and assigns of the Employer.

6. In testimony whereof, the Contractor has hereunto set his hand and affixed his seal, and the Surety has caused these presents to be sealed with his corporate seal duly attested by the signature of his legal representative, this day \_\_\_\_\_ of \_\_\_\_\_ 20\_\_\_\_.

**FORM NO. 7 - ADVANCE PAYMENT SECURITY [Demand Bank Guarantee]**  
*[Guarantor letterhead]*

**Beneficiary:** \_\_\_\_\_ *[Insert name and Address of Employer]*  
**Date:** \_\_\_\_\_ *[Insert date of issue]*

**ADVANCE PAYMENT GUARANTEE No.:** *[Insert guarantee reference number]*

**Guarantor:** *[Insert name and address of place of issue, unless indicated in the letterhead]*

1. We have been informed that \_\_\_\_\_ (hereinafter called "the Contractor") has entered into Contract No. \_\_\_\_\_ dated \_\_\_\_\_ with the Beneficiary, for the execution of \_\_\_\_\_ (hereinafter called "the Contract").

2. Furthermore, we understand that, according to the conditions of the Contract, an advance payment in the sum \_\_\_\_\_ (*in words* \_\_\_\_\_) is to be made against an advance payment guarantee.

3. At the request of the Contractor, we as Guarantor, hereby irrevocably undertake to pay the Beneficiary any sum or sums not exceeding in total an amount of \_\_\_\_\_ (*in words* \_\_\_\_\_) <sup>1</sup> upon receipt by us of the Beneficiary's complying demand supported by the Beneficiary's statement, whether in the demand itself or in a separate signed document accompanying or identifying the demand, stating either that the Applicant:

- (a) has used the advance payment for purposes other than the costs of mobilization in respect of the goods; or
- (b) has failed to repay the advance payment in accordance with the Contract conditions, specifying the amount which the Applicant has failed to repay.

4. A demand under this guarantee may be presented as from the presentation to the Guarantor of a certificate from the Beneficiary's bank stating that the advance payment referred to above has been credited to the Contractor on its account number \_\_\_\_\_ at \_\_\_\_\_.

5. The maximum amount of this guarantee shall be progressively reduced by the amount of the advance payment repaid by the Contractor as specified in copies of interim statements or payment certificates which shall be presented to us. This guarantee shall expire, at the latest, upon our receipt of a copy of the interim payment certificate indicating that ninety (90) percent of the Accepted Contract Amount, less provisional sums, has been certified for payment, or on the \_\_\_\_ day of \_\_\_\_\_, 2\_\_\_\_, <sup>2</sup> whichever is earlier. Consequently, any demand for payment under this guarantee must be received by us at this office on or before that date.

6. The Guarantor agrees to a one-time extension of this guarantee for a period not to exceed *[six months]* *[one year]*, in response to the Beneficiary's written request for such extension, such request to be presented to the Guarantor before the expiry of the guarantee.

\_\_\_\_\_  
*[Name of Authorized Official, signature(s) and seals/stamps]*

<sup>1</sup>The Guarantor shall insert an amount representing the amount of the advance payment and denominated either in the currency of the advance payment as specified in the Contract.

<sup>2</sup> Insert the expected expiration date of the Time for Completion. The Employer should note that in the event of an extension of the time for completion of the Contract, the Employer would need to request an extension of this guarantee from the Guarantor. Such request must be in writing and must be made prior to the expiration date established in the guarantee.

**FORM NO. 8 BENEFICIAL OWNERSHIP DISCLOSURE FORM**  
(Amended and issued pursuant to PPRA CIRCULAR No. 02/2022)

**INSTRUCTIONS TO TENDERERS: DELETE THIS BOX ONCE YOU HAVE COMPLETED THE FORM**

*This Beneficial Ownership Disclosure Form ("Form") is to be completed by the successful tenderer pursuant to Regulation 13 (2A) and 13 (6) of the Companies (Beneficial Ownership Information) Regulations, 2020. In case of joint venture, the tenderer must submit a separate Form for each member. The beneficial ownership information to be submitted in this Form shall be current as of the date of its submission.*

*For the purposes of this Form, a Beneficial Owner of a Tenderer is any natural person who ultimately owns or controls the legal person (tenderer) or arrangements or a natural person on whose behalf a transaction is conducted, and includes those persons who exercise ultimate effective control over a legal person (Tenderer) or arrangement.*

II) Am fully aware that beneficial ownership information above shall be reported to the Public Procurement Regulatory Authority together with other details in relation to contract awards and shall be maintained in the Government Portal, published and made publicly available pursuant to Regulation 13(5) of the Companies (Beneficial Ownership Information) Regulations, 2020. (Notwithstanding this paragraph Personally Identifiable Information in line with the Data Protection Act shall not be published or made public). *Note that Personally Identifiable Information (PII) is defined as any information that can be used to distinguish one person from another and can be used to deanonymize previously anonymous data. This information includes National identity card number or Passport number, Personal Identification Number, Date of birth, Residential address, email address and Telephone number.*

III) In determining who meets the threshold of who a beneficial owner is, the Tenderer must consider a natural person who in relation to the company:

- (a) holds at least ten percent of the issued shares in the company either directly or indirectly;
- (b) exercises at least ten percent of the voting rights in the company either directly or indirectly;
- (c) holds a right, directly or indirectly, to appoint or remove a director of the company; or
- (d) exercises significant influence or control, directly or indirectly, over the company.

IV) What is stated to herein above is true to the best of my knowledge, information and belief.

*Name of the Tenderer: .....\*[insert complete name of the Tenderer]\_\_\_\_\_*
